☞See that every Box you buy, has this label on it.

STAINBURN'S VEGETABLE EXTRACT **PILLS** Prepared only by Jas. W. Stainburn. SOLE PROPRIETOR, NEW-YORK.

Beware of Counterfeits.

THUS PRESERVING THE LIFE ESSENCE OF **Medicinal** PLANTS, AS THEY EXIST IN THE GROWING **VEGETABLE.**

THIS MOST POPULAR OF ALL MEDICINES has truly gained the confidence of the many thousands of sufferers who have used it, in many forms of disease, with UNFAILING SUCCESS.

The following complaints have always been cured when the Stainburn Pills have been taken according to the directions which accompany each box:—

Dyspepsia, Costiveness, Bilious Complaints, Liver Complaints, Cholic, Coughs and Colds, Rheumatism, Fever and Ague, Scrofula, Biles, Whooping Cough, Measles, Worms, Small Pox, Eruptions in the Skin.

A vast number of communications have been received by the proprietor, each proving a cure of some of the above diseases, and which might here be introduced, would space permit, but it is hoped the following will be sufficient to place beyond all doubt *THEIR CURATIVE VIRTUE:*

From Dr. Reed, of Virginia

Norfolk, June 12, 1844.

Dr. Stainburn—Sir: Since I last wrote you, I have seen several persons who have been using the Vegetable Extract Pills, and in every case they have proved themselves worthy the name they bear. A young man by the name of John Forsythe, had been wasting away in a seated consumption for several years, and by using the Extract Pills for about two weeks, his cough, pains, &c., left him entirely, and he is now so well as to be about his ordinary business. Indeed sir, from the rapidity of the sales, the value of your pills may be safely discerned. I am entirely out, have daily calls for them, and wish you would forward me more as soon as possible.

Yours, &c. THOS. S. REED.

From Massachusetts.

Worcester, June 17, 1844.

Dr. Stainburn—My daughter, who had a distressing cough, raised a great quantity of phlegm, and who was afflicted with palpitation of the heart, had taken a box of your Vegetable Extract Pills, and is now quite well. Others bear testimony to their good effects.

Yours respectfully, JOHN STRIKER, Jr.

From Pennsylvania.

Easton, July 1, 1844.

Dr. Stainburn—I have considerable matter to tell you concerning the Extract Pills, where they have performed cures, when those who have bought them had scarcely any faith in their effects. There is a lady here, now able to attend to her domestic concerns, who was, at the time she commenced taking them, confined to her chamber, and prostrated on her bed. I will tell you more when I see you; please credit my account with the enclosed twenty dollars, and send me by the bearer another gross of pills.

Respectfully, &c., GEO. S. SMITH.

From Connecticut.

New Haven, June 27, 1844.

Dr. Stainburn—Your Vegetable Extract Pills have had wonderful effects in several cases in this town; I sold a box to a man who had been sick with consumption and rheumatic complaints for four or five years, and who was unable to dress himself when he commenced taking them. He has recently sent me word that he felt quite well, could dress himself without any trouble, and thinks he has wholly recovered. I am quite out of the pills; will you send me a lot by the first opportunity?

Yours in haste, R. W. SMALLEY

The Pills are sold Wholesale and Retail at Dr. Stainburn's office, No. 7 Ann Street, and by most of the respectable Druggists in New York. Also, by one agent in each village in the United States.

CAUTION TO AGENTS.

The immense demand for the Stainburn Pills has induced some unprincipled rascals to make a counterfeit, and hawk it about the country; but let agents be aware of these persons, and remember that he who sells a counterfeit medicine, or encourages such vile traffic, is as much to be shunned as the poisonous adder—let him not be housed or fed, drive him from your houses and from your villages, as you would drive away a dangerous pestilence; for be assured the creature who could sell to you a counterfeit pill, to rob you of your health, is base enough to carry the assassin's knife and take away your lives.

My travellers are each furnished with a power of attorney, signed Jas. W. Stainburn, and proved before a Notary Public of the United States, and also by the Clerk of the City of New York; they also bear the Notarial Seals of the United States and the City of New York. You will therefore please to preserve this advertisement, and should any person offer you my medicine without such power of attorney, do not deal with him for your own credit's sake, but point him to it, and say; 'Thou art the man to be despised and shunned.'

N. B. Agents who may desire supplies of my pills before my travellers call upon them, will please forward their orders per mail to No. 7 Ann Street, and oblige their obedient servant

New York, April 12, 1845. JAS. W. STAINBURN.

COLLECTORS NOTICE.

THE undersigned takes this method of informing the public that he has his books now made out for the present year 1844, containing County charge, Direct tax and officer's fees. It is generally known that I have large demands to meet, and those demands will be expected of me punctually. It would be conferring a favor on me by coming forward and settling immediately. There is a number of accounts on my books for the year 1843, yet unsettled. I have heretofore urged upon the people the propriety and even the necessity of an early settlement. I regret very much that I have been disappointed in the effects of the different appeals I have made to the people upon this subject, and hope they will no longer delay; to have to press those accounts that are due me would be repugnant to my wishes, and at the same time would increase the debt of the payer. I am in hopes that the above notice will be attended by all of those who pay taxes or have contracted debts with the Register, or Clerk of the county or any of the Lawyers.

WISTAR'S BALSAM OF WILD CHERRY.

A ompound Balsamic Preparation from Wild herry Bark and Tar.

The best remedy known to the world for the cure of Coughs, Colds, Asthma, Croup, Bleeding of the Lungs, Whooping Cough, Bronchitis, Influenza, Shortness of Breath, Pain and Weakness in the Breast or Side, Liver Complaint, and the first stages of

CONSUMPTION.

A THOUSAND CURES in cases deemed utterly hopeless have firmly established its vast superiority over every former medical discovery. It has always been styled "Nature's own Prescription," being formed chiefly from chemical extracts from Wild Cherry Bark and Tar—two trees that are thickly scattered wherever diseases of the lungs prevail. We give a few instances of its extraordinary power, from a catalogue almost without end.

A lady (address will be given at the New-York Agency) who was given up by all of her physicians to die of consumption, had a hard tumor for months on the side—raised among large quantities of matter a sort of bony substance—had taken no medicine for two months, being past all hope—entirely cured by a few bottles of this Balsam in September and October, 1844.

A. Williams, Esq., Attorney, &c., New York, cured of spasmodic asthma of 25 years' standing, certified to by Recorder Tallmadge and J. Power, D. D.

A. Carman, New York city, who had not slept, lying down, for 7 years, (being obliged to sleep in a sitting posture) so far cured as to attend to his business in the most stormy weather.

Thomas Bradlee, Esq., J. P., Jamaica, L. I., cured of asthma of 40 years' standing.

Mrs. Anna D. Hopkins, of Knowlesville, Y. Y., entirely cured of liver complaint and general debility of eighteen months' standing.

Jacob Hoffman, M. D., Huntingdon, cured a child of P. Schroeble, of obstinate disease of the lungs after he had tried all the usual remedies in vain.

"There is no such thing as fail" in the history of this wonderful BALSAM. Evidence the most convincing—evidence that no one *can* doubt—fully establishes this fact. For the sake of brevity, we select the following from thousands.

Isaac Platt, Esq., Editor of the Po'keepsie Eagle, one of the most influential papers in the state of New York, states, under the authority of his own name, that a young lady, a relative of his, of very delicate constitution, was attacked in February, 1842, with severe cold, which immediately produced spitting of blood, cough, fever, and other dangerous and alarming symptoms. Through medical treatment and care she partially recovered during summer. But on the return of winter she was attacked more violently than at first; she became scarcely able to walk, and was troubled with cough, chills and fever every day, and appeared to be going rapidly with consumption; at this time, when there was no sign of improvement, Mr. Platt procured a bottle of WISTAR'S BALSAM OF WILD CHERRY, which she took, and it seemingly restored her. She got a second, and before it was half taken, she was restored to *perfect hellth*, which she has enjoyed to the present time, without the slightest symptom of her former disease.

Mr. Platt says "the cure came under my own observation, and I cannot be mistaken as to the facts."

EXTRACT OF A LETTER FROM A POSTMASTER, DATED

PEMBROKE, *W*ashington Co. Maine, April 29, 1844

Mr. ISAAC BUTTS.—Dear Sir: At the request of many of my friends in this place and vicinity, who are afflicted with consumption and liver complaints, I take the liberty of asking you to appoint some one in this county as agent to sell WISTAR'S BALSAM OF WILD CHERRY, and to send him a few dozen, as there is none of it for sale within 200 miles from this. I have no doubt that it would meet with a ready sale, if it were where it could be procured without too much expense and delay.

My wife was attacked about six months since with what the physicians called the first stage of consumption—a complaint very prevalent in this section of country. Having seen the Balsam advertised in Augusta,

☞200 MILES FROM HERE,☜

I took the pains to send there for a bottle of it, which she took, and which helped her so much that I sent for two bottles more, which she has also taken, and she now says she has not felt so well for six years as she does at this time. All those who have inquired of me and ascertained what effect the Balsam had, are anxious to have some for sale in this vicinity, which is the cause of my writing to you.

Please inform me by return of mail whether you conclude to send some, and if so, to whom, in order that it may be known where it can be had.

I am, with respect' yours, &c.

P. G. FARNSWORTH, P. M.

The whole country is fast learning that no medicine—no physician—no preparation of any kind whatever—can equal Dr. *WISTAR'S BALSAM OF WILD* CHERRY.

A TRULY WONDERFUL CURE.

WATERVILLE, Oneida Co., N. Y. Sept. 15, 1843.

Dear Sir—I owe it to the afflicted to inform you that in January last I was attacked by a very violent cold, caused by working in the water, which settled on my lungs. It was accompanied by a very severe pain in my breast and sides, and also a distressing cough. I had in attendance all the best medical aid in our village; but after exhausting all their skill to no avail, they pronounced my disease a CONFIRMED CONSUMPTION, and they one and all *gave me up to die.* After much persuasion, I got the consent of my physician to use the BALSAM OF WILD CHERRY, prepared by Dr. WISTAR. I purchased of the Agent in our place one bottle, before using half of which I began to gain strength, and it was very evident my cough was much better, and my symptoms in every way improving. I have now used three bottles, and *am restored to perfect health.* This result is alone owing to the use of Dr. WISTAR'S BALSAM OF WILD CHERRY; and I take this method of giving you the information, partly to pay you the debt of gratitude I owe you, and partly that others similiarly afflicted may know where to apply for relief.

Very truly yours,
JAMES SAGE.

Mr. PALMER, Druggist, under date of Waterville, September 24, 1843, writes:

The etatement given you by Mr. James Sage is well known to be true by this *whole community.* It certainly was a most remarkable cure. The sale of the Balsam is very good, and its success in cures truly flattering.

Yours respectfully,
D. D. PALMER.

THE MOST REMARKABLE CURE EVER RECORDED.

HADDONFIELD, N. J., April 23, 1843.

On or about the 13th day of October, 1841, I was taken with a violent pain in the side, near the liver, which continued for about five days, and was followed by the breaking of an ulcer, or abscess, inwardly, which relieved the pain a little, but caused me to throw up a great quantity of offensive matter, and also much blood. Being greatly alarmed at this, I applied to a physician; but he said he thought he could do but little for me, except give me some *Mercury Pills* which I refused to take, feeling satisfied that they could do me no good; many other remedies were then procured by my wife and friends, but none did me any good—and the discharge of blood and corruption still continued every few days, and at last became so offensive that I could scarcely breathe. I was also seized with a violent cough, which at times caused me to raise much more blood than I had done before—and my disease continued in this way, still growing worse, until February, when all hope of my recovery was given up; and my friends all thought I would die of a GALLOPING CONSUMPTION. At this moment, when my life was apparently drawing near its close, I heard of DR. WISTAR'S BALSAM OF WILD CHERRY, and got a bottle, which RELIEVED ME IMMEDIATELY; and by the use of only three bottles of this medicine, all my pains were removed—my cough and spitting of blood and corruption entirely stopped, and in a few weeks my health was so far restored as to enable me to work at my trade, (which is a carpenter,) and up to this time I have enjoyed good health.

TAOMAS COZENS.

GLOUCESTER COUNTY, N. J., ss.

Personally came before me, the subscriber, one of the Justices of the Peace in and for the said county, Thomas Cozens, and being duly affirmed according to law, saith the above statement is in all things true.

Affirmed before me, on the 20th day of April, 1843.
J. CLEMENT, J. P.

Such is the unprecedented success of this BALSAM

"Nature's Favorite Prescription,"

a prescription congeniel to our wants, as it is prepared from chemical extracts from substances which the Author of nature has placed in our own land for wise purposes, that many who know nothing of the mode of its preparation are endeavoring to reap pecuniary benefits by selling an article similar in name, or in appearance, or by representing their own trash as superior to this BALSAM, or by putting up a mixture and solemnly asseverating that it is imported from a foreign country, which is not the case. All these deceptive arts go to show that *WISTAR'S BALSAM* is known to the world to be *"THE GREAT REMEDY,"* and that to *sell* any mixture it must be *like* this *in name*, or *purport*, to be like it in substance.

☞Believe not the cunningly wrought fabrication—and take only the original and genuine *WISTAR'S* BALSAM OF *WILD* CHERRY.

NO OTHER CAN BE LIKE IT.

Address all orders to ISAAC BUTTS, No. 32 Ann-street, New York. Agents.

THOMAS M. FLINT, Cambridge, Md.

CLICKENER'S SUGAR COATED VEGETABLE EXTRACT PILLS.

A medicinal preparation is hereby announced which has been long desired, and sought for, and which the public must at once see and acknowledge the advantage of. It is a purgative pill, COATED WITH SUGAR, so that it leaves no taste whatever of its internal ingredients. In fact the medicine is so entirely disguised that if a person were to swallow the pills without being informed what they were, he would believe them to be simply lumps of pure sugar, nor could he afterwards, unless by its great purgative effect suspect that he had been taking medicine, for these pills are so skilfully prepared that they do not gripe the bowels, and thus the patient who takes them avoids two evils which attend all other purgative medicines; namely nausea and pain. Medicine administered in all other sweet forms has the disadvantage of being *mixed* with the sugar, and hence produces a mingled flavor, which, to most persons is more disagreeable than unadulterated bitterness. In these pills this is altogether avoided; the sugar and the medicine being entirely distinct from each other, so that the former must be thoroughly removed before the latter can manifest itself to the taste. It is universally known that nearly all diseases originate with impurity of blood.—Pure blood is therefore essential to health. We must not, however, *wait* until the blood is impure, for then it takes time—and that time passed in ill health—to rectify it; but when the slightest derangement of the system is indicated by costiveness, or any other sign, it admonishes us that superfluities are gathering in the system, which should at once be got rid of, for their removal leaves the chyle, (from which the blood is formed) in a healthy state, and purity of blood must be the result. This fact, as stated, is universally known; but people have such an aversion to medicine, that, unless the case is urgent, they prefer the disease to the cure, until an impared constitution, or a fit of sickness rebukes them for the folly of their conduct.—Still they *had* some excuse; for *heretofore*, medicine in almost all its forms, was nearly as disgusting as it was beneficial. Now, however, the evil is most effectually removed; for CLICKENER'S SUGAR COATED VEGETABLE EXTRACT PILLS have no taste whatever of medicine—produce none of the nausea and griping, attendant on the operation of other medicine—while their speedy effect in removing all impurities from the system cannot be excelled by any other medicine which has ever been discovered.

It is unnecessary to say more here. If these pills are, as described, the public will freely and gladly patronise them; and the proprietor merely asks a trial, which he is sure of receiving, to prove that he assumes no merit for them which they do not fully possess.

Clickener's Sugar-coated Vegetable Extract Pills are prepared and sold, wholesale and retail and for exportation, by C. V. CLICKENER & Co., Chemists, at the wholesale and retail drug warehouse, No. 79 and 81 Barclay street, New York. Price 25 cents.

Sold by the following agents:

WHITE & ANDERSON—Cambridge.
MARSHALL & EUNICK— "
VICKERS & DUNN—Vienna.

BRAMBLE & STEVENS—New Market.

Feb. 1, 1845 1y.

Caution—The public should remember that C. V Clickener is the inventor of the Sugar-Coated Pills and that nothing of the sort was ever heard of until he introduced them. Therefore should any other person, seduced by the popularity of his discovery, advertise Sugar Coated Pills, they must be a wretched counterfeit, which it would be dangerous to use, as none but the most ignorant quacks can be found dealing in such a nefarious traffic, as palming off counterfeit for genuine medicine.

POETRY.

Written for the Philadelphia Satur

SILENT LOVE.

There is a language of the heart, that s
the eyes,
And with a homage deep and wild, it
The tongue of man hath never spoke
ear received it,
Yet rather than ten thousand words
heart believed it!

I, is the gushing of the soul, fresh m
heart,
The essence of the spirit's love, witho
A homage that the human heart can
tow,
A language none but those who lov
speak, or know!

Yet, oh! how deeply eloquent its
power!
How wakes the heart to ecstacy within
hour,
When eye to eye gives heart to hea
token,
That each is loved, as each *would* love
word be spoken.

And oh, if there be left in man, tho
words disguise,
It is this language of the heart, that sp
the eyes;
Without a word to bar their way they
soul,
And spurn the vain attempt of words,
to control.

How many a hope but half conceived,
into day;
How many a budding thought of lo
'neath its sway;
How many a feeling that had else die
breast,
This silent language of the eye hath
confessed!

So be it: mind, with giant stride, m
wide earth,
May gain the wisdom of the world, for
worth;
But give to me her heart whose min
sparkling eye,
Give me the love that needs not words—
is ecstacy!

For oh, how cold, how passionless—h
how vain,
To seek in language studied phrase lo
explain!
Or 'neath the mask of gallantry, wh
must show,
To see the deep abiding love which m
know.

To judge the feelings of the heart, from
declare,
When every tongue to flattery stoops
with timid care,
Guards well the portal of its thoughts; a
the shrine
To be whose favored worshipper, it wo
resign.

Oh, think not then that Silent Love, w
and unknown,
Doth not exist in many a heart, whose
hath shown;
It lives, and breathes, and has its life
beaming eye,—
A glance from her can bid it live—a glan
die!

Philadelphia, 1845.

THE DEATH BED.

BY THOMAS HOOD.

We watched her breathing through
Her breathing soft and low,
As on her breast the wave of life
Kept heaving to and fro.

So silently we seamed to speak,
Slowly moved about,
As we had lent her half our powers,
To eke her being out.

Our very hopes belied our fears,
Our fears our hopes belied;
We thought her dying when she sle
And sleeping when she died.

For when the morn came dim and sa
And chill with early showers,
Her quiet eyelids closed;—she had
Another morn than ours.

☞British Troops are moving into West
near the Michigan frontier.
