Snedaker's Patent Window BLIND HINGES.

THE undersigned, proprietors per assignment, of the Patent Right for WINDOW BLIND HINGES, invented by Samuel B. Snedaker, of Cincinnatti, respectfully call the public attention to the improvement. The hinge is stronger and less liable to get out of order than the old style. The shutter is perfectly controlled from the inside of the room, by simply turning the knob to the right or left, without raising the sash. The shutter may be placed at any desirable position, and securely held, without the use of hooks or bolts. The cost of the hinge can be no obstacles to its general use, and is warranted to give entire satisfaction. Prices as follows, from which the usual discount is made to purchase of large quantities, viz:—No 1, with mineral knob, per sett, $1-25; No. 2, do. do. $1 50; No. 1, white knob do. $1 75; No. 2, do. do. $2.—Models and Samples may be examined at our counting room. Orders for any quantity of hinges of the above patent, for use in the States of Maryland, Delaware, Dist. Sale of very valuable Lands in Dorchester Co., Md.

BY authority of a Decree of the High Court of Chancery, I will as Trustee offer for public sale at Bradshaw's Hotel in Cambridge, on

TUESDAY 20th of JULY next,

at half past 2 o'clock P. M., all those valuable lands belonging to the late Thomas F. Eccleston. The said lands, at present are divided into three farms and two lots. They will be sold seperately or all as one tract, to suit purchasers, Farms No. 1 and 2 contain about 150 acres each, No. 3 contains about 300 acres—each of the farms has good buildings—lot No. 3 having been the residence of the late proprietor, has every improvement on it, which could be desired.

The farms are within five miles of Cambridge, and four miles of a good landing on the Choptank river. The soil is of the very best character and susceptible of the highest improvement. There are good proportions of wood and meadow lands—the fields are well watered. The locations are very healthy. The above tract contains 725 acres more or less.

The terms prescribed by the decree, are one fourth of the purchase money to be paid in cash, or on the ratification of the sale, at the option of the Trustee; the balance in equal instalments of one, two and three years, bearing interest from day of sale, secured by bonds with approved secuity or surities. But such are the circumstances attending this sale—that almost any terms may be effected, by agreement with the Trustee, that any purchaser may desire.

Persons anxious to purchase are desired to confer with Thos. I. H. Eccleston, or to visit the property and judge for themselves. Messrs. Barnett and Willey, tenants on the farms will give all desired information.

MARRIAGE,
Happiness and Competence.

WHY IS IT?

That we behold many females, scarce in the meridian of life broken in health and spirits with a complication of diseases and ailments, depriving them of the power for the enjoyment of life at an age when physical health, buoyancy of spirits, and happy serenity of mind, arising from a condition of health, should be predominant.

Many of the *causes* of her sufferings at first—perhaps years before, perhaps during girlhood, or the first years of marriage—were in their origin so light as to pass unnoticed, and of course neglected.

IN AFTER YEARS,

When too late to be benefitted by our knowledge, we look back and mourn, and regret the full consequences of our ignorance.

What would we not often give to possess, in early life, the knowledge we obtain in after years! And what days and nights of anguish we might not have been spared, if the knowledge was timely possessed. It is

MELANCHOLY AND STARTLING

To behold the sickness and suffering endured by many a wife for many years, from causes simple and controllable, easily remedied—or better still,—not incurred, if every

WIFE AND MOTHER

Possessed the information contained in a little volume, (within the reach of all) which would spare to herself

YEARS OF MISERY,

And to her husband the constant toil and anxiety of mind, necessarily devolving upon him from sickness of the wife, without giving him the opportunity of acquiring that competence which his exertions are entitled, and the possession of which would secure the happiness of himself, wife, and children

SECURE THE MEANS OF HAPPINESS

By becoming in time possessed of the knowledge, the want of which has caused the sickness and poverty of thousands.

In view of such consequences, no wife or mother is excusable if she neglect to avail herself of that knowledge in respect to herself, which would spare her much suffering, be the means of happiness and prosperity to her husband, and confer upon her children that blessing above all price—healthy bodies, with healthy minds. That knowledge is contained in a little work entitled

Secret Diseases.

Gonorrhoe, Gleets, Strictures, Seminal Weakness, Pain in the Loins, Affections of the Kidneys, and all those Peculiar Affections arising from a SECRET HABIT, particularly the youth of both sexes, which, if not cured, produce constitutional Debility, renders Marriage impossible, and in the end destroys both Mind and Body.

YOUNG MEN

Especially, who have become the victims of *Solitary Vice*, that dreadful and destructive habit which annually sweeps to an untimely grave thousands of young men of the most exalted talents and brilliant intellect, who might otherwise have entranced listening Senates with the thunders of eloquence, or waked to ecstacy the living lyre, may call with full confidence.

Married Persons, or those contemplating marriage, being aware of physical weakness, should immediately consult Dr. J., and be restored to perfect health.

DR. JOHNSTON,

OFFICE, No. 7 SOUTH FREDERICK ST., BALTO. SEVEN DOORS FROM BALTO. ST., East side UP THE STEPS. BE PARTICULAR in observing the name and number, *or you will mistake the place.*

A cure warranted or no charge made, in from one to two days.

Take Notice.—DR. JOHNSTON is the only regularly Educated Physician who advertises his very Extensive Practise, and his many Wonderful Cures is a sufficient guarantee to the afflicted. *Those who wish to be speedily and effectually cured, should* SHUN THE NUMEROUS TRIFLING IMPOSTERS, who only ruin their health, and apply to Dr. JOHNSON.

DR. JOHNSTON,

Member of the Royal College of Surgeons, London, Graduate from one of the most eminent Colleges of the United States, and the greater part of whose life has been spent in the Hospitals of London, Paris, Philadelphia, and elsewhere, has effected some of the most astonishing cures that were ever known. Many troubled with ringing in the ears and head when asleep, great nervousness, being alarmed at sudden sounds, and bashfulness, with frequent blushing, attended, some times, with derangement of mind, were cured immediately.

A CERTAIN DISEASE.—When the misguided and imprudent votary of pleasure finds he has imbibed the seeds of this painful disease, it too often happens that an ill-timed sense of shame, or dread of discovery, deters him from applying to those who, from education and respectability can alone befriend him, delaying till the constitutional symptoms of this horrid disease make their appearance, such as ulcerated sore throat, diseased nose, nocturnal pains in the head and limbs, dimness of sight, deafness, nodes on the shin bones and arms, blotches on the head, face and extremities, progress on with frightful rapidity, till at last the palate of the mouth or the bones of the nose fall in, and the victim of this awful disease becomes a horrid object of commiseration, till death puts a period to his dreadful sufferings, by sending him to "that bourne from whence no traveller returns." To such, therefore, Dr. JOHNSTON pledges himself to preserve the most inviolable secresy; and, from his extensive practice in the first Hospitals in Europe and America, he can confidently reccommend a safe and speedy cure to the unfortunate victim of this horrid disease. It is a melancholy fact, that thousands fall victims to this dreadful disease, owing to the unskilfulness of ignorant pretenders, who, by the use of that deadly poison, murcury, ruin the constitution, and either send the unfortunately sufferer to an untimely grave, or else make the residue of life miserable.

Affections of the Bladder, are diseases, the extensive of which is generally perceptible by Pain, Uneasiness in Urinary Organs, Weaknes of the System, Barrenness, Derangement of the Digestive Organs, Dyspepsia, Nervousness, and peculiar affections of the mind, fits of melancholy, &c.

TAKE PARTICULAR NOTICE.

Young men who have injured themselves by a certain practice indulged in when alone—a hadit frequently learned from evil companions, or at school, the effects of which are nightly felt, even when asleep, and if not cured, renders marriage impossible, and destroys both mind and body.

What a pity that a young man, the hope of his country, and the darling of his parents, should be snatched from all prospects and enjoyments of life, by the consequences of deviating from the path of nature, and indulging in a certain secret habit. Such persons, before contemplating

Marriage,

Sould reflect that a sound mind and body are the most necessary requisites to promote connubial happiness. Indeed, without these, the journey through life becomes a weary pilgrimage, the prospect hourly darkens to the view; the mind becomes shadowed with despair and filled with the melancholy reflection that the happiness of another becomes blighted with our own.

Constitutional Debility.

Dr. J. addresses young men and all who have injured themselves by private and improper indulgences.

These are some of the sad and melancholy effects, produced by early habits of youth, viz: Weakness of the Back and Limbs, Pains in the Head, Dimness of Sight, Loss of Muscular Power, Palpitation of the Heart, Dyspepsia, Nervous Irritability, Derangement of the Digestive Functions, General Debility, Symptoms of Consumption, &c.

Mentally.—The fearful effects on the mind are much to be dreaded; Loss of Memory, Confusion of Ideas, Depression of Spirits, Evil Forebodings, Aversion of Socity, Self Distrust, Love of Solitude, Timidity, &c., are some of the evils produced.

Thousands of persons of all ages, can now judge what is the cause of their declining health. Lossing their vigor, becoming weak, pale and emaciated, have a singular appearance about the eyes, cough and symptoms of consumption.

Married Persons, are those contemplating marriage, being aware of physical weakness, should immediately consult Dr. J. and be restored to perfect health.

Dr. Johnson's Invigorating Remedy for Organic Weakness.

By this great and important remedy weakness of the organs is speedily cured and full vigor restored. Thousands of the most Nervous and Debilitated individuals who had lost all hope, have been immediately relieved. All impediments to

MARRIAGE.

Physical or Mental Disqualifications, Nervous Irritability, Tremblings and Weakness, or exhaustion of the most fearful kind, speedily cured by Dr. Johnson.

Skin Diseases Speedily Cured.

TO STRANGERS.

The many thousands cured at this institution within the last ten years, and the numerous and important Surgical Operations performed by Dr. J. witnessed by the Reporters of the papers, and many other persons, notices of which have appeared again and again before the public, is a sufficient guarantee that the afflicted will find a skilful and honorable physicial.

TAKE NOTICE.

It is with the greatest reluctance that Dr. JOHNSON permits his card to appear before the public, deeming it unprofessional for a physician to advertise, but unless he did so, the afflicted, especially strangers, could not fail to fall into the hands of those imprudent, boasting impostors, individuals destitute of knowledge, name and character, pedlars, shoemakers, mechanics, &c., advertising themselves as physicians; ignorant quacks, who keep you trifling month after month, or as long as possible, and in despair leave you with ruined health, to sigh over your galling disappointment. It is this motive alone that induces Dr. J. to advertise, *for he alone can cure you.* To those unacquainted with his reputation, he deems it necessary to say, that his credentials or diplomas always hang in his office.

Weakness of the Organs immediately cured, and full vigor restored.

HAMPTON'S VEGETABLE TINCTURE!
THE GREAT DISCOVERY of the Age---Read! Read!!

THE WORLD NEVER BEFORE SAW SUCH A MASS OF HOME TESTIMONY GIVEN TO ANY OTHER MEDICINE. REV. VERNON ESKRIDGE, U. S. N.

PORTSMOUTH, Va., Aug. 18, 1851.

Mr. J. E. Boush—Dear Sir: While I am in general opposed to Patent Medicines, candor compels me to state that I have great confidence in the virtues of Hampton's Vegetable Tincture. For several months past I have used it in my family, and in dyspepsia, loss of appetite, dizziness, and general debility, with entire success. So far as my experience extends, therefore, I take pleasure in recommending it to the afflicted as a safe and efficient remedy.

I am respectfully, yours,
VERNON ESKRIDGE, Chaplain U. S. N.

Astounding Effects!!—The Whole Afflicted World Read!!!—A Lady Restored After Two Years Sickness!!!

NORFOLK, Dec. 6, 1851.

Messrs. Mortimer & Mowbray—Hampton's Vegetable Tincture is certainly working miraculous results here, in the way of cures, but there seems to be a diffidence on the part of those cured to give a certificate, which, in justice to the afflicted, should not exist. I could mention a dozen cases of importance in which it has been successful in curing the worst kind of diseases; but it appears to cure them so easily, and its effects are so magical, they do not appear to be able to realize it, though they are perfectly satified they are cured.

I will mention two cases which have lately come under my notice. A lady who had been confined to her bed for between one and two years, and on whom the doctors had been attending during that time, without any success, was induced to try the Tincture, and after taking one bottle she was enabled to sit up in her bed; and after taking the second bottle she was enabled to be up stiring about her house—a thing she had not done for two years, as I was informed by her husband, who called on me in perfect ecstacy, and said he had at last found the much needed panacea. I think he will furnish you with a certificate of the strongest character.

Another gentleman informed me that he had a very valuable negro woman so far gone by disease that he would have taken twenty-five dollars for her, but the first bottle was so effective that he felt confident of a perfect cure.

Yours, respectfully.
JOHN R. HATHAWAY.

The Whole World Attention!!

HEAR HIM YE SICK, AND DO LIKEWISE!

STRONGER, STILL STRONGER!—Can any unprejudiced mind in the *world* ask stronger testimony, or more convincing proof of the great restorative and curative powers of "*Hampton's Vegetable Tincture*," than given below. The writer is one of our most highly esteemed citizens, a man of integrity and, as extensively known, has been for a long time suffering under disease; his altered appearance is now a subject of remark, and gives additional testimony and weight to the certificates below.—He is also the son of the old Doctor Duman, whose great skill as a physician is well known to most of the oldest inhabitants of this city.

BALTIMORE, Feb. 9, 1852.

Messrs. Mortimer & Mowbray—Gentlemen:—It is with real pleasure that I am able to attest to the general healing and curative powers of Dr. Hampton's Vegetable Tincture.—Some time during last November I was taken with a very bad and serious cough. I was advised to take Cod Liver Oil, and did so; but getting no better, I was induced to try your Tincture. I got one bottle, and before I had used it all my cough had left me. Permit me also to state that for the last fifteen years I have suffered very much from acute Rheumatism and Vertigo, confining me at times to my bed I am fully convinced that I owe my present good health to the use of the Tincture, and a kind Providence.

You are, my friends; at liberty to use this as you may think proper, and believe me.

Yours, respectfully. G. DUMAN.

N. B.—I can be seen at any time at the Mayor's office. G. D.

Still Another Witness for "Hampton's Vegetable Tincture."

This certificate is from one of the largest and most enterprising farmers—the owner of those splendid oxen exhibited at the late Agricultural Fair, and who, in *person*, done the ploughing, with the same that took the premium.—We mention this, as before Mr. Thorne took the Tincture, his condition was such as to despair of even visiting the fair, much less taking such a laborious part as he did, to the astonishment of those who had seen his state a short time before.

BALTIMORE, Feb. 4, 1852.

MESSRS. MORTIMER & MOWBRAY:

Gents: Having been afflicted with Chronic Inflammatory Rheumatism for some time, in its worst form, I tried every remedy that came within my reach, without any success; in fact, my sufferings increased with every new remedy I tried, until I was scarcely able to walk from the dreadful pains and swellings in my limbs. I had also an ulcer formed on my right wrist which gave me intense pain.

When in this condition, Mr. Scott, Conductor on the Susquehanna Railroad, with several others, called my attention to the many wonderful cures made by Hampton's Vegetable Tincture. I determined to give it a trial, as a last resort. I am happy now to inform you, that in a short time after taking it, I was relieved from pain and could walk without difficulty, and in about four weeks I was enabled to take part in the ploughing match, at our late Agricultural Fair. The ulcer on my wrist is now entirely cured, and I am in the enjoyment of the very best health, with no symptoms of my old disease. All of which I feel bound to say, I owe to the great healing and restorative powers of Hampton's Vegetable Tincture.

My great confidence in it has induced me to recommend it to others, and I have also seen its good effects in a number of cases. My little daughter, who had been in bad health for some time, no medicine seemed to reach her case, or to do her any good, until I gave her this Tincture of Hampton's which soon restored her to robust health. I do therefore cheerfully bear my testimony in favor of this valuable medicine, and I wish you to send me a dozen bottles, that I may always have it at hand.

Yours, Respectfully,
ELISHA P. HORNE.
