HIGHLY IMPORTANT INTELLIGENCE

TO THE AFFLICTED FAR AND NEAR!

A Never Failing Panacea!

FOR MAN AND BEAST.

The Farmer's Friend and the Poor Man's Companion When Disease and Affliction Come Upon him, Cure Guaranteed.

Culpa sua damnum sectiens, non intelligitur damnum." He who suffers by his own fault, is not to be deemed a sufferer.

This celebrated Remedy, wherever introduced, has given the most unbounded satisfaction, and its merits have received, from a discriminating public, encomiums of the most flattering character. Numerous certificates can be produced, if necessary, from practical sources, showing the good effects accuring from the use of this powerful and never-failing Agent. But we deem it unnecessary, knowing its intrinsic worth will speak with a more convincing and acceptable language, than any other utterance which might be given to advance its sale and use. When applied in strict accordance with the directions given, the following cases have been treated with unparalled success. Man finds in its virtues immediate relief for the many ills he is by nature heir to, viz: Rheumatism, Stiffness and Weakness of the Limbs, Sciatic or Hip Pains, Swellings, Sprains and Ulcers of year's standing, which have baffled the skill of Medical science, and the self-laudation of humbug and quackery. The Horse finds in it a healing and soothing balm, for when used as directed, a cure is certain in many of those concomitant diseases so frequently found in this invaluable beast, such as String Halts, Blood and Bone Spavin, Wind Galls, Weakness and Stiffness of the Limbs, Burns, Scratches, Old Sores, Saddle Galls, &c., &c.

Boarding School

FOR

YOUNG LADIES,

FEMALE INSTITUTE.

East New Market, Dorchester Co., Md.

THIS SCHOOL, under its present organization, has been in operation but a short time, yet it has met with unprecedented success, almost doubling its former number, and still increasing. The Literary Department is under the control of Misses DIXON & LEWIS, with assistants, and they propose making it a school of the very first grade, offering *equal advantages* to any of the higher Female Boarding Schools, or Colleges. Miss DIXON, the Principal, has had considerable experience in teaching, being for some time 1st Female Teacher in the Wilmington College, and for the past two years has had charge of the Department of "Belles Letters," &c., &c., in the Baltimore F. College; which situation she was induced to resign only in the hope of building up a large EAST'RN SHORE BOARDING SCHOOL—one worthy of the place, and worthy of public patronage; and she hopes the very low rates will induce persons generally to patronize it.—The young ladies are constantly under the supervision of the Teachers, and every thing is done to contribute to their health, comfort and happiness. Attention is also given to the improvement of their manners, and the cultivation of a lady-like deportment. The design is to prepare them for all the duties of life, and at the same time give them a THOROUGH EDUCATION.

Boarding $8 per mo., including washing &c. Lights 50 cts. extra. In the School Department,—English Branches $5,00 per qr. Music $5 extra, and $3 extra for either of the languages, or Drawing or Painting, &c. (See Circulars.)

The Board of Trustees consist of 10 gentleman, James Thompson, Esq., Presiecnt. Dr. H. W. Houston, Secretary.

"MAN KNOW THYSELF."

An Invaluable Book for 25 CENTS.

EVERY FAMILY SHOULD HAVE A COPY.

6000 COPIES SOLD IN LESS than THREE MONTHS. A new edition, revised and improved, just issued.

DR. HUNTER'S MEDICAL MANUAL AND HAND BOOK FOR THE AFFLICTED—Containing an outline of the origin, progress, treatment and cure of every form of disease, contracted by promiscuous sexual intercourse, by self-abuse, or by sexual excess, with advice for their prevention, written in a familiar style avoiding all medical technicalities, and everything that would offend the ear of decency, from the result of some twenty years successful practice, exclusively devoted to the cure of diseases of a delicate or private nature.

To which is added, receipts for the cure of the above diseases, and a treatise on the causes, symptoms and cure of the Fever and Ague, for twenty-five cents a copy; six copies one dollar; will be forwarded to any part of the United States, by mail, free of postage. Address, postage paid, Cosden & Co., Publishers, or "box 196, Post Office, Philadelphia.

"This is, without exception, the most comprehensive and intelligible work published on the class of diseases of which it treats. Avoiding all technical terms, it addressed itself to the reason of its readers. It is free from all objectionable matter, and no parent, however fastidious, can object to placing it in the hands of his sons. The author has devoted many years to the treatment of the various complaints treated of, and 'with too little breath to puff,' and 'too little presumption to impose,' he has offered to the world at the merely nominal price of 25 cents, the fruits of some twenty years most successful practice."—HERALD.

"No teacher or parent should be without the knowledge imparted in this invaluable work. It would save years of pain, mortification and sorrow to the youth under their charge."—PEOPLE'S ADVOCATE.

A Presbyterian clergyman in Ohio, in writing off "Hunter's Medical Manual," says: "Thousands upon thousands of our youth, by evil example and the influence of the passions, have been led into the habit of self-pollution without realizing the sin and fearful consequences upon themselves and their posterity. The constitutions of thousands who are raising families have been enfeebled, if not broken down, and they do not know the cause or the cure. Any thing that can be done so to enlighten and influence the public mind as to check, and ultimately to remove this wide-spread source of human wretchedness, would confer the greatest blessing next to the religion of Jesus Christ, on the present and coming generations. Intemperance, (or the use of intoxicating drinks,) though it has slain thousands upon thousands, is not a greater scourge to the human race. Accept my thanks on behalf of the afflicted, and, believe me, your coworker in the good work you are so actively engaged in."

One copy will be forwarded (securely enveloped and postage paid, on receipt of 25 cents, or six copies for $1. Address, COSDEN & CO., Publishers, Box 196, Philadelphia.

Here is Your Remedy!

HOLLOWAY'S OINTMENT.

A Most Miraculous Cure of Bad Legs,

AFTER 43 YEARS' SUFFERING.

Extract of a Letter from Mr. William Galphin of 70, St. Mary's Street, Weymouth, dated May 15th, 1851.

To Professor HOLLOWAY,

SIR,—At the age of 18 my wife (who is now 61) caught a violent cold, which settled in her legs, and ever since that time they have been more or less sores, and greatly inflamed. Her agonies were distracting, and for months together she was deprived entirely of rest and sleep. Every remedy that medical men advised was tried, but without effect; her health suffered severely, and the state of her legs was terrible. I had often red your Advertisements, and advised her to try your Pills and Ointment; and, as a last resource, after every other remedy had proved useless, she consented to do so. She commenced six weeks ago, and, strange to relate, is now in good health. Her legs are painless, without seam or scar, and her sleep sound and undisturbed. Could you have witnessed the suffering of my wife during the last 43 years, and contrast them with her present enjoyment of health, you would indeed feel delighted in having been the means of so greatly alleviating the sufferings of a fellow-creature. (Signed) WM. GALPIN.

A PERSON 70 YEARS OF AGE CURED OF A BAD LEG, OF THIRTY YEARS' STANDING.

Copy of a Letter from Mr. William Abbs, Builder of Gas Ovens, of Rushcliffe, near Huddersfield, dated May 31st, 1851.

To Professor HOLLOWAY,

SIR,—I suffered for a period of thirty years from a bad leg, the result of two or three different accidents at Gas Works; accompanied by scorputic symptoms. I had recourse to a variety of medical advice, without deriving any benefit, and was even told that the leg must be amputated, yet, in opposition to that opinion, your Pills and Ointment have effected a complete cure in so shot a time, that few who had not witnessed it would credit the fact.

(Signed) WILLIAM ABBS.

The truth of this statement can be varified by Mr. W. P. England, Chemist, 13, Market Street, Huddersfield.

A DREADFUL BAD BREAST CURED IN ONE MONTH.

Extract of a Letter from Mr. Frederick Turner, of Penshurst, Kent, dated Dec. 13th, 1850.

To Professor HOLLOWAY,

DEAR SIR,—My wife had suffered from Bad Breasts for more than six months, and during the whole period had the best medical attendance, but all to no use. Having before healed an awful wound in my own leg by your unrivalled medicine, I determined again to use your Pills and Ointment, and therefore gave them a trial in her case, and fortunate it was I did so, for in less than a month a perfect cure was effected, and the benefit that various other branches of my family have derived from their use is really astonishing. I now strongly recommend them to all my friends.

(Signed) FREDERICK TURNER.

The Pills should be used conjointly with the Ointment in most of the following cases.

Bad Legs, Chiego-foot, Fistulas, Sore-throats, Bad Breasts, Chilblains, Gout, Skin-diseases, Burns, Chapped hands, Glandular Swellings, Scurvy, Bunions, Corns (Soft) Lumbago, Sore-heads, Bite of Moscetoes, and Sand-Flies, Cancers, Piles, Tumours, Contracted, and Rheumatism, Ulcers, Stiff Joints, Scalds, Wounds, Coco-bay, Elephantiasis, Sore Nipples, Yaws, &c.

Sold at the Establishment of Professor HOLLOWAY, 244, Strand, (near Temple Bar, London), and by all respectable Druggists and Dealers in Medicines throughout the British Empire, and of those of the United States, in Pots at 37½c., 87c., and $1 50c. each. Wholesale by the principal Drug houses in the Union, and by Messrs. A. B. & D. SANDS, New York; and by S. S. HANCE, & CANBY & HATCH, Baltimore, Md.

☞ There is a considerable saving by taking the large sizes.

N. B. Directions for the guidance of patients in every disorder are affixed to each Pot.

THE MARRIAGE STATE;

SHALL HAPPINESS AND HEALTH; OR MISERY AND SICKNESS, ATTEND IT?

Most Startling Considerations!

REFLECTION FOR The Thoughtful.

STRANGE that countless human beings exist and drag through life as do the beasts of the field, or the insects of the earth, evincing no more thought or reflection than though the noble faculties of mind were not vouchsafed to them.

Many such are husbands and fathers, upon whom are dependent the health, the well being, and the happiness of a confiding and affectionate wife, with perhaps a family of children.

HOW OFTEN IT HAPPENS THAT THE

Wife Lingers from Year to Year

In that pitiable condition as not even for one day to feel the happy and exhilerating influence incident to the enjoyment of health.

She may not be an invalid confined to her bed, or even to her room; as her pride, ambition and energy induce and nerve her to take personal charge of her household, even when her health will not admit of it; but she is nevertheless perceptibly sinking from day to day, and always ailing.

Thus day after day, and month after month transpire. Her health daily sinks, till finally even the hope of recovery no longer remains. And thus

The Blooming Bride,

But a few years ago in the flush of health and youth, and buoyancy of spirits, rapidly, and apparently inexplicably, becomes a feeble, sickly, debilitated wife, with fame emaciated, nerves unstrung, spirits depressed, countenance bearing the impress of suffering, and mental prostration.

Sometimes this deplorable change may and does arise from organic or constitutional causes. But oftener, by far oftener, to gross and inexcusable ignorance of the simplest and plainest rules of health as connected with the marriage state, the violation of which entails disease, suffering and misery, not only to the wife, but often

A DREADFUL INHERITANCE

And must this continue? Shall we be wise in all that concerns the cattle of our fields, our horses, our sheep, our cows, our oxen, the nature and character of the soil we possess, the texture and quality of our goods and merchandise, but in all that concerns ourselves as human beings, with human functions and passions, subject to great derangement, involving our future peace and happiness—in all that concerns the health and welfare of the wife of our children in all that concerns the mental and physical well being of those children, we should be immersed in the darkest and most

BENIGHTED IGNORANCE,

AS CUPABLE AS INEXCUSABLE?

How long shall this ignorance prevail so productive of its bitter fruit? How long shall the wife and mother be ignorant of the nature, character and causes of the various womb and sexual complaints, embittering her days by suffering—suffering often prolonged to years, eventuating in a complication of diseases utterly and hopeless incurable? Shall we forever close our eyes to the results of physiological science by which we may arrive at an understanding of ourselves as men and women, subject to serious life-long enduring diseases, and perpetuating them to our children.

LET EVERY WIFE AND HUSBAND PONDER.

No husband or wife need be ignorant of what concerns them most to know to secure their health and hapiness, and their pecuniary prosperity. That knowledge is contained in a little work entitled

WHOLE ROUND OF CHRONIC AFFECTIONS.

This article was discovered by DR. JESSE HAMPTON, now in fine health in the 79th year of his age. He was born in Virginia in 1775, emigrated to Kentucky—then a wilderness—with his father, in 1779. In early manhood he was so reduced by disease as to be almost wrecked in constitution. He spent much of his living for medical advice and attention, and grew nothing better, but worse. Finding no relief from his physicians, he resolved to try the restorative powers of the roots, barks, leaves, plants, etc, of the forest. He then dwelt in the midst of the *red men of the western wilds*. Having heard much of their skill in the use of vegetable remedies of the forest, and knowing their mode of medicinal practice must be one of practical experience and not of theoretical speculation, he made himself acquainted with their remedies, and also with the practical medicinal knowledge of the early settlers of Kentucky had obtained from the 'medicine men' of the Indians.

He carefully studied the nature of the medicine used by them, combined them according to the light he had received, used them as he had been taught, and had the cheering satisfaction of finding disease driven from his emaciated body, and vigorous health given in its stead. His case was of no ordinary kind, but astonishing to his friends and neighbors. The fame of it spread; the people far and near sent to the doctor for his successful and wonderful combination of Indian remedies, which was freely given them, until the cases became so numerous and the demand so great that the doctor was advised by his friends, and induced through justice to himself, to put up his Vegetable Tincture in bottles, and charge a price for it which was freely given. Finding its way into the first and most intelligent families, and astonishing all by its wonderful cures, commanding, and some of the most talented, men of the country.

UNPARALLELED SUCCESS.

The many cures made by it, and the great demand have induced the proprietors to offer it to the afflicted in this city, with the honest conviction that the same happy results will follow its use here, as in numerous other places.

HON. HENRY CLAY AND HON. R. M. JOHNSON, have certified to its merits. CAPTAIN CANOT, brother of the celebrated physician to the EMPEROR OF FRANCE was cured by it of Chronic Inflammatory Rheumatism of seven years duration, after the skill of the physicians of Paris, London, and of this country had failed. Rev. Vernon Eskridge, chaplain U. S. Navy, was cured by it. Also, Judge Davies, Hon. T. H. Shelby, members of Congress, with members of the State Department, Washington, and hundreds of others, who give their testimony to this wonderful discovery.

PHYSICIANS have cured themselves, and the members of their families, by its use, after their own remedies had failed; and some of them are so generous as to recommend it to their patients.

It has shown itself most powerfully curative of NERVOUS DISEASES in their various forms, giving new life and vigor, restoring the shattered constitution, and thus infusing hope in place of despondency. By its mild, pleasant and safe action on the stomach, liver, kidneys, lungs, and the nervous system, it cures DYSPEPSIA, LIVER COMPLAINT, DISEASES OF THE URINARY ORGANS, COUGHS, ASTHMA, BRONCHIAL AFFECTIONS, CONSUMPTION, SCROFULA, KING'S EVILS, WORMS, RHEUMATISM, GOUT, NEURALGIA ST. VITUS' DANCE, FITS, FISTULA, PILES, with all diseases arising from impure blood.

THE FEMALE SYSTEM has, in DOCTOR HAMPTON'S VEGETABLE TINCTURE, A CURE for its numerous and complicated derangements. Hundreds who have been debilitated and dispirited, and on the verge of a premature grave, have been restored by its use to blooming health, which we are abundantly able to prove by such a host of LIVING WITNESSES as we think no other medicine can produce.

To publish ALL THE TESTIMONY in its favor, would make a large volume.

Numerous letters and cirtificates showing its RESTORATIVE AND HEALING QUALITIES, are published in a pamphlet, which, with their originals, and a host of other commendatory letters not yet published, the proprietors will be pleased to exhibit to the public.

Attention is not called alone *to the quantity* of the testimony, but also to its HIGH CHARACTER.

LIVER COMPLAINT, DEBILITY.

[*Extract from James Harris, Esq's., Letter, Alexandria Va.*]

POETRY.

"We bring a garland of poetic flowers
And blossoms from the Muse's bowers."

SHAKESPEARE.

From the "Knickerbocker" of December.

BY HORACE RUBLEE.

I.

Like an awed traveller, who, lost in thought,
Stands gazing on some time-defying pile,
By unknown hands, in unknown ages, wrought
Beside the mistic Nile,
I gazed upon this book, which will live on
When pyramids are gone.

II.

The traveler stands amid the desert's sand,
O'er burried cities thronging once with life;
A withering blight seems to have swept the land;
All things around are rife
Of Times's mutations, and the final fate
Of human power and state:

III.

All save the mighty structure which uprears,
Out of this desolation and decay,
Its granite front, unblanched, untouched by years,
As fresh as in the gray
Antiquity which first beheld it rise
Complete towards the skies.

IV.

He muses on the far-off generations
Whose labors sloly reared it, stone by stone;
The myriads of men, the creeds of nations,
That have risen up and gone
Like bubbles into nothingness, while still
That pile remains, and will,

V.

When he, and all the thronging hosts that move
And sport, light-hearted, in the eye of day,
Have vanished, and Stern silence broods above
Their unremembered clay;
And how others will come in coming days,
Like him to muse and gaze.

VI.

So as I glanced o'er their immortal pages,
Come thoughts of those whose eyes have gone before,
Come thoughts of those who will in after-ages
Delightedly explore
This wild of sweets, where, in unfading bowers,
Bloom posey's fairest flowers.

VII.

How many an eye, whose lustre now is fled,
Has wept o'er the sad page which tells the story
Of gentlest DESDEMONA's wrongs or shed
A tear for that poor hoary
And outcast king, who invoked the heavens cold,
Since they like him were "old!"

VIII.

Here mighty poets have caught inspiration;
Here minds sick, weary with the stir and din
Of human life, have turned for consolation,
And here have sought to win
Forgetfulness of sorrow, care, and pain,
