Mr James Cheston

Sir

I was sorry to find by your favour of the 25 th Ult. you had not disposed of my Woollens — I imagine out hands by Capt Thomas to the Amt 272.2.4 — It would indeed have been more to my Interest if the Capt had brought them back; because in that case I could have appropriated them so as to have been in Cash before this time & the Freights would have been the only Expence; — whereas now run a Risk of the Worm which is not Contrary Woollens are very subject to, however I hope & find this the Sale is Completed And if you can remit the Nett Proceeds by Capt Thomas it will be of Signal Service to me having lately sustained many heavy Lopes besides other unfortunate disapointments — And your good Endeavours to accomplish this End will be acknowledged & greatly Oblige

Sir Your Most

Hble Servt
