The American's Friend!!

HOLLOWAY'S PILLS.

To the Citizens of the United States,
I most humbly and sincerely thank you for the immense patronage which you have bestowed upon my Pills. I take this opportunity of stating that my Ancestors were all American Citizens, and that I entertain for all that concerns America and the Americans, the most lively sympathies, so much so that I originally compounded these Pills expressly to suit your climate, habits, constitutions, and manner of iving, intendding to establish myself among lyou which I have now done, by taking premises in New York.
THOMAS HOLLOWAY,

PURIFICATION OF THE BLOOD,
AND
LIVER AND BILIOUS COMPLAINTS.

The Citizens of the Union suffer much from disorders of the Liver and Stomach, scarcely any are free form the influence of these destructive maladies, hence life wears fast. The fair sex, perhaps the most handsome in the World, up to a certain period when distressing to say many lose their teeth and good looks, while yet in the heyday of life, such sad evils may be effectually remedied by continually keeping the blood pure, and the Liver and Stomach in a healthy action, when life will flow smoothly, and resemble plants in a congenial clime, where an eternal spring apppears to reign. As it regards the preservation of the human frame, and the duration of life, much may be effected, and I say fearlessly, that health and life can be prolonged for many years beyond their ordinary limits, if Holloway's Pills are taken to purify the blood according to the rules laid down for health contained in the direction which accompany each box.

A CASE OF WEAKNESS AND DEBILITY, OF 10 YEARS STANDING, CURED BY HOLLOWAY'S PILLS.

Copy of a Letter from Captain John Johnson, Astor House, New York, dated January 5th, 1854.
To Professor Holloway,
38, Corner of Ann and Nassau Sts., N. Y.
Sir,—It is with the most heartfelt pleasure I have to inform you that I have been restored to health and strength by taking your Pills. For the last ten years, I suffered from a derangement of the Liver and Stomach, and was reduced to such an extremity that I gave up my Ship, never expecting to go to Sea any more, as I had tried every Remedy that was recommended to me, but all to no purpose; and had given myself up to despair, when I was at last recommended to take your Pills. After usiug them for three months, the result is that I am now in better health than I have been for eleven years past, and indeed as well as ever I was in my life. You are quite at liberty to make this known for the benefit of others.
I remain, Sir, yours respectfully,
(Signed) JOHN JOHNSON.

These celebrated Pills are wonderfully efficacious in the following complaints:
Ague, Debility, Head-ache, Scrofula, or King's Evil, Asthma, Dropsy, Indigestion, Stone and Gravel, Bilious Complaints, Erysipelas, Jaundice, Secondary Symptoms, Blotches on the Skin, Female Irregularities, Liver Complaints, Venereal Affections, Bowel Complaints, Fevers of all kinds, Piles, Worms of all kinds, Constipation of the Bowels, Retention of Urine, Weakness, from whatever cause, Gout, &c.

Beautiful Residence

FOR SALE.

I WILL sell at private sale the Plantation belonging to me lying at the mouth of
SLAUGHTER CREEK,
AND ON
Little Choptank River,

and formerly the residence of the late Capt. John Brohawn—a more delightful and healthy situation cannot be found on the

EASTERN SHORE.

The lands are capable of the highest improvement, being a heavy
WHITE OAK CLAY.
An abundance of Shell may be very conveniently had, together with other rich resources on the tract.
The buildings are ample and in good order embracing an excellent
WIND MILL.
There is also a supply of

Wood and Timber,

which is convenient to navigable water. The location commands a fine view of the
CHESAPEAKE BAY,
and affords every facility for all the luxuries of a residence on salt water. This tract contains about

220 Acres,

running with the water, with the main County road outside of the inclosures. Having no family, and being compelled to have it cultivated by a tenant, I think I had better sell it to some one desiring a HANDSOME AND HEALTHFUL RESIDENCE with a family. If I do not sell it by the 1st of July next, I shall then rent it out.
The terms will be very reasonable, say one fourth cash—the residue on a credit of 3, 4 or 5 years, if desired, being properly secured, and bearing interest. Apply to

DEAFNESS, PARTIAL OR TOTAL, ENTIRELY REMOVED!

DR. ALSOPHERT begs to call the attention of those suffering from a total or partial loss of the hearing, to the following facts He treats diseases of the middle and internal ear with
MEDICATED DOUCHES,
such as is practiced in the infirmaries of Berlin, Leipsic, Brussels, Hamburg and St. Petersburg; and lately by the most distinguished London Aurists, with the most wonderful success; indeed, it is the only method that has been uniformily successful. The best proof of the efficacy of the treatment will be a reference to nearly

Nine hundred Names,

residents of the United States, Canada, New Brunswick and Nova Scotia,
Who have been restored to acute hearing,
and not in a single solitary case, to our knowledge, did we fail to effect either a partial or total restoration of the hearing, when our advice and instructions were faithfully and punctually adhered to. Many who could not hear the report of a pistol at arm's length, can now hear a watch beat at the distance of four feet.
In cases of mucons accumulation in the Eustachian Tube and Tympanum, inflammation of the mucus membrane, nervous affections, diseases of the Membrana Tympani, commonly called "the Drum," or when the disease can be traced to the effects of fever, colds, the use of quinine, mercurial medicines, in the ears in childhood, &c., Dr. Alsophert's treatment *stands preeminent.* Where the Auditory Canal is dry and scaly, with little or no secretion, when the deafness is accompanied with noises in the ear like falling water, chirping of insects, ringing of bells, rustling of leaves, continual pulsations, discharge of matter, or when, in stooping, a sensation is felt as if a rush of blood to the head took place—when the hearing is less acute in dull, cloudy weather, or when a cold has been taken, the method of treating the disease *is infallible.*
IN DEAF AND DUMB CASES,
my experience warrants me in saying, that if the hearing was at any time good, very much can be accomplished. In the Deaf and Dumb School at Leipsic, out of a class of fourteen, I *succeeded in restoring* FOUR *to acute hearing.* Dr. A. begs respectfully to state, that in those cases he undertakes he
GUARANTEES A SUCCESSFUL RESULT, COMPLETE RESTORATION,
Or such a marked improvement as will be
PERFECTLY SATISFACTORY,
If his remedies are faithfully applied and directions adhered to.
Applicants will please state their age, duration of disease, if matter issues from the external passage, if there are noises in the ears, state of general health, and what they suppose to have been the cause of the deafness. When the hearing is restored it is expected those in easy circumstances will pay liberally.
MEDICINE APPARATUS, &C.,
will be sent to any part at my own expense.

"Truth is Mighty."

A PLAIN AND UNVARNISHED STATEMENT. We commend the persual of the extract below to our readers. Mr. Bull is a merchant of high character.
Sandy Bottom, Middlesex Co., Va., *August 29th* 1853.
Messrs. Mortimer & Mowbray—Gents:—You may think it strange that I have taken the liberty to write you this letter, but I do so under circumstances that justify it. As you are the agents for HAMPTON'S VEGETABLE TINCTURE, I deem it expedient to address you this note, hoping it may be a part of the honorable means of giving this medicine that notoriety which its merits deserve.
Being in the habit of vending medicines which relate to the Patent and regular system, I consider myself, to some extent, a judge of the real merits of many of them. My experience teaches me that "Hampton's Tincture" is a medicine of real merit and intrinsic value. When I say this, I do not say that it is an infallible cure, in all cases, but I mean to say that "Hampton's Tincture" will favorably operate in all diseases originating from a want of proper secretions of the gastric juices, bad digestion, and consequently bad deposites of animal matter from that source. I believe that many diseases located in various parts of the system, such as Inflammation, Ulcers, Scrofula, &c., originally have their being in the stomach, from bad food, bad digestion, and consequently bad disposition of the circulation of those parts; and I will believe Hampton's Vegetable Tincture will even re act those cases.
Having found out myself what it 'is, I recommend it to others in such cases as I have described, and I have done it upon the "no cure no pay system," and I have yet to have the first bottle returned, or the first objection about the pay. It is a great pity it cannot be more extensively circulated among the people.
I warrant it in the following cases: Gout, Rheumatism, Inflammations, which proceeds from the stomach, Sores, Scrofula, Dispepsia, long standing cases of Ague and Fever, first stop the chill and then give the Tincture;—the difficulty in this case is not in stopping the chill, but in the return of it, this the "Tincture" will certainly do. In general debilitations, I warrant it, and as I said before I have procured a trial of it in this way, which otherwise I could not; the people have been humbugged by patent medicines so long, that they are afraid of all. This is clearly a stomach medicine, it works all its wonders there, and in all such cases it is a specific, if any thing in the world is.
Having given the Tincture a fair trial with myself, in my family and neighborhood, I think I am warranted in what I say about it, and which I do without any other interest than the wish to see it in general circulation, and in every man's family where it ought to be.
If what I say be doubted by any of the afflicted, and they will write to me at Sandy Bottom Post Office, Middlesex County, Virginia, stating the nature of the disease, and I recommend it for such a case I will warrant it, and if it does no good I will pay for the medicine. Respectfully,
Thomas R. Bull.
