THE WASHINGTON RIOTERS.—The conviction of such of the Washington rioters as have been tried is everywhere approved. All riots are bad enough, but those gotten up to stifle the popular voice are the most dangerous, for they strike at the very foundation of our political system. Ours is a government of the people, and, if we expect to succeed, we must see that the people shall be unmolested in the exercise of suffrage.

"A THOUSAND DOLLAR PIANO."

We paid a visit, the other day, to the music store of Horace Waters, 333 Broadway, on purpose to see a specimen of his pianos, just manufactured at his up-town establishment, of which we had heard a good deal of boasting. It may not be generally known that Mr. Waters has been established in this city but a little while, having set up in a small way some six years ago as agent for a Boston firm, and gone on by dint of industry and enterprise, till he has become one of the most prominent music publishers and dealers in the country. His musical instruments are well known for their superior qualities, though they scarcely surpass in richness, volume of tone and delicacy of touch some instruments of more obscure makers which we have seen; yet, even in these prime respects, Waters's best pianos and melodeons challenge comparison with the finest made anywhere in the country—though those of Chickering, Gilbert and others are more famous.

The particular piano we went to see, though, is certainly a superb affair. It is characterized by great fullness and softness of tone, and remarkable *expressive* power; while its externals are equally noteworthy: it has a rosewood case, elegantly inlaid with mother-of-pearl, and carved in various cabinet designs; altogether got up with every care of finish. Other pianos we heard in the same room, of equally fine tone—the same class of instruments, in fact, except the case—offered for a fraction of the cost of this very elegant one. Persons wishing for instruments of this kind, whether at the most economical or extravagant price, will be likely to be suited at the ware-room of Horace Waters.—*N. Y. Home Journal.*

HOLLOWAY'S PILLS, in spite of the prejudices of medical martinets, have found their way into the leading hospitals and dispensaries of Europe, and are now the established family medicine of all classes in the United States. Upon the stomach and liver, which prepare and temper the blood, upon the organs which vitalize it in the process of respiration, and upon the excretory vessels, which discharge from the system the residium not required for the purposes of nutrition, these pills operate in an almost miraculous manner, regulating, invigorating, cleansing, and fortifying the whole physique. In bilious disorders, dyspepsia, asthma, diarrhœa, dysentery, sick headache, constipation, general debility, and complaints peculiar to females, their effect is astonishing.

DR. JOHNSTON,

THE founder of this celebrated Institution; the only regularly Educated Physician Advertising—offers the most certain, speedy and only effectual remedy in the world for

SECRET DISEASES.

Gleets, Strictures, Seminal Weakness, Pains in the Loins, Constitutional Debility, Impotency, Weakness in the Back and Limbs, Affections of the Kidneys and Bladder, Nervous Debility, Dyspepsia, Languor, Low Spirits, Confusion of Ideas, Palpitation of the Heart, Timidity, Tremblings, Dimness of Sight or Gidiness, Affections of the Head, Throat, Nose or Skin—those terrible disorders arising from the indiscretion of Solitary Habits of Youth; those Dreadful and destructive Practices which produce Constitutional Debility, render Marriage impossible, and destroy both body and mind.

YOUNG MEN,

Especially who have become the victims of Solitary Vice, that dreadful and destructive habit, which annually sweeps to an untimely grave, thousands of young men, of the most exalted talent and brilliant intellect, who might otherwise have entranced listening Senates with the thunders of eloquence, or waked to ecstacy the living lyre, may call with full confidence.

MARRIAGE.

Married Persons, or young men contemplating marriage, being aware of physical weakness, organic debility, deformities, &c., should immediately consult Dr. J., and be restored.

He who places himself under the care of Dr. J., may religiously confide in his honor as a gentleman and confidently rely upon his skill as a physician.

Be particular, for *Ignorant, Trifling Quacks*, with false names or *Paltry Humbug Certificates*, attracted by the reputation of Dr. Johnston, lurk near.

DR. JOHNSTON,

Member of the Royal College of Surgeons, London, graduate from one of the most eminent Colleges of the United States, and the greater part of whose life has been spent in the hospitals of London, Paris, Philadelphia and elsewhere, has effected some of the most astonishing cures that ever were known; many troubled with ringing in the head and ears when asleep; great nervousness, being alarmed at sudden sound, bashfulness, with frequent blushing, attended sometimes with derangement of mind, were cured immediately.

A CERTAIN DISEASE.

When the misguided and imprudent votary of pleasure finds he has imbibed the seeds of this painful disease, it too often happens that an illtimed sense of shame, or dread of discovery, deters him from applying to those who, from education and respectability, can alone befriend him, delaying till the constitutional symptoms of this horrid disease make their appearance, such as ulcerated sore throat, diseased nose, nocturnal pains in the head and limbs, dimness of sight, deafness, nodes on the shin bone and arms, blotches on the head, face and extremities, progressing on with frightful rapidity, till at last the palate of the mouth or the bones of the nose fall in, and the victim of this awful disease becomes a horrid object of commiseration, till death puts a period to his dreadful sufferings, by sending him to "that bourne from whence no traveller returns."

It is a melancholy fact that thousands fall victims to this terrible disease owing to the unskillfulness of ignorant pretenders, who, by the use of that Deadly Poison, Mercury, ruin the constitution and make the residue of life miserable.

TAKE PARTICULAR NOTICE!

Dr. J. addresses all those who have injured themselves by improper indulgencies and solitary habits which ruin both body and mind, unfitting them for either Business, Study, Society or marriage.

These are some of the sad and melancholy effects procured by early habits of youth, viz: Weakness of the Back and Limbs, Pains in the Head, Dimness of Sight, Loss of Muscular Power, Palpitation of the Heart, Dyspepsia, Nervous Irribility, Derangement of the Digestive Functions, General Debility, symptoms of Consumption, &c.

MENTELLY.—The fearful effects on the mind are much to be dreaded; loss of Memory, Confusion of Ideas, Depression of Spirits, Evil Forebodings, Aversion of Society, Self-Distrust, Love of Solitude, Timidity, &c., are some of the evils produced.

Thousands of persons, of all ages, can now judge what is the cause of their declining health, losing their vigor, becoming weak, pale, nervous and emaciated, having a singular appearance about the eyes, cough and symptoms of consumption.

DR. JOHNSTON'S INVIGORATING REMEDY FOR ORGANIC WEAKNESS.

By this great and important remedy, weakness of the organs is speedily cured, and full vigor restored.

Thousands of the most nervous and debilitated, who had lost all hope, have been immediately relieved.

All impediments to Marriage, Physical or Mental Disqualifications, Nervous Irritability, Trembling and Weakness, or exhaustion of the most fearful kind, speedily cured.

YOUNG MEN,

Who have injured themselves by a certain practice indulged in when alone—a habit frequently learned from evil companions at school, the effects of which are nightly felt, even when asleep, and if not cured render marriage impossible, and destroy both mind and body, should apply immediately.

What a pity a young man, the hope of his country, the darling of his parents, should be snatched from all prospects and enjoyments of life, by the consequence of deviating from the path of nature, and indulging in a certain secret habit. Such persons must before contemplating MARRIAGE, reflect that a sound mind and body are the most necessary requisites to promote connubial happiness. Indeed, without these, the journey through life becomes a weary pilgrimage; the prospect hourly darkens to the view; the mind becomes shadowed with despair, and filled with the melancholy reflection that the happiness of another becomes blighted with our own.

IMPOTENCE—WEAKNESS OF THE GENITAL ORGANS.

Loss of virile power is the penalty most frequently paid by those who give a loose rein or license to their passions. Young persons are too apt to commit excess from not being aware of the dreadful effects that may ensue! Although impotency occurs from stricture, deposites in the urine, gravel, and from numerous other causes, yet the abuse of the sexual organs, by excessive venery or self-pollution; particularly the latter is the more frequent cause of it. Now who that understands the subject will pretend to deny that the power of procreating the species is lost sooner by those who practice the *solitary vice* than by the prudent? Besides being deprived the pleasure of healthy offspring, the most serious and destructive symptoms to both body and mind arise.

The System becomes Deranged, the Physical and Mental Functions Weakened, Loss of Procreative Power, Nervous Debility, Dyspepsia, Palpitation of Heart, Indigestion, a Wasting of the Frame, Cough, Consumption, &c.

INVOLUNTARY SEMINAL EMISSIONS.

Of this distressing disease, which is the common results of the above mentioned *secret habit*, but a very brief description, for many reasons, can be given here. The complaint comes on gradually. It begins by a too hasty discharge of semen in copulative and passionate dreams. Such emissions being too hasty, have no power, while the erections are feeble, imperfect and soon over. As the disorder grows worse, the discharges or emissions become more easily excited and frequent, often brought on by lascivious ideas, or by merely touching the part in this deplorable case, the emissions take place without any pleasure and without erection, and in this debilitated and sensitvie state of the organs the direful effects of pollution so ruinous to health, take place day and night. Pale, emaciated and weak, the unhappy victim of artificial gratification complains of pain in the head and back, has a languid look, dimness of sight, flushing of the face when spoken to, lowness of spirits, and a vague dread of something, often starting with terror at a sudden sight or sound. He also loaths society, from an innate sense of shame, and feels a dislike to all bodily and mental exertions.

TO STRANGERS.

The many thousands cured at this institution within the last sixteen years, and the numerous important Surgical Operations performed by Dr. Johnston, witnessed by the reporters of the papers and many other persons, notices of which, have appeared again and again before the public, besides his standing as a gentleman of character and responsibility, is a sufficient guarantee to the afflicted.

TAKE NOTICE.

It is with the greatest reluctance that Dr. Johnston permits his card to appear before the public, deeming it unprofessional for a physician to advertise, but unless he does so, the afflicted, especially strangers, could not fail to fall into the hands of the many impudent and unlearned Impostors, with innumerable false names or combined Quack shops, swarming these large cities, and copying Dr. Johnston's advertisements, *Shoe Menders, Boot Blacks, Sweeps, Lamp Trimmers, &c., Poitry and Contemptible Imitators*, whose lives, instead of at the Noble Science of Medicine, have been spent in the most *menial capacity*, now styling themselves "Regularly Educated Physicians," illiterate, shallow-brained fellows, too lazy to work at their original trade, with scarce two ideas beyond a brute, who for the purpose of enticing and deceiving, carrying on five or six offices, under as many different false names, so that the afflicted strangers, escaping one, is sure to tumble headlong into the other. Ignorant Quacks with enormous lying certificates of great and astonishing cures from persons not to be found, who keep you taking large bottles of Licorice Water, and other packages of filthy and worthless compounds, cunningly prepared to impose upon the unfortunate and unsuspecting. Trifling month after month, or as long as the smallest fee can be obtained, and, in despair, leaves you with ruined health, to sigh over your galling disappointment.

Persons doubting these remarks can try these impostors, be ruined in health, and be convinced.

Dr. Johnston wants no Patients, but those fully capable of appreciating and distinguishing the services of a regular thorough-bred Physician from the paltry, designing and unlearned Quack.

ONLY PHYSICIAN ADVERTISING.

Dr. Johnston is the only Physician advertising to cure Secret Disease. His Credentials or Diplomas always hang in his office.

His remedies and treatment are entirely unknown to all others. Prepared from a life spent in the great hospitals of Europe and the first in this country, and a more extensive practice than any other Physician in the world.

HE ALONE CAN RESTORE YOU.

The Medicine of the Million.

PHILOSOPHY AND FACT.

HOLLOWAY'S PILLS.

THE EXCITING CAUSE OF SICKNESS.

The blood is the life-sustaining agent. It furnishes the component of flesh, bone, muscle, nerve and integument. The stomach is its manufactory, the veins its distributors, and the intestines the channel through which the waste matter rejected in its productions is expelled. Upon the stomach, the circulation and the bowels, these Pills act simultaneously, relieving indigestion, purifying the fluids, and regulating the excretions.

THE NATIONAL COMPLAINT.

Dyspepsia is the most common disease among all classes in this country. It assumes a thousand shapes, and is the primary source of innumerable dangerous maladies, but whatever its type or symptoms, however obstinate its resistance to ordinary preparations, it yields readily and rapidly to this searching and unerring remedy.

BILIOUS AFFECTIONS.

The quantity and quality of the bile are of vital importance to health. Upon the liver, the gland which secretes this fluid, these Pills operate specifically, infallibly rectifying its irregularities, and effectually curing Jaundice, Bilious Remittants, and all the varieties of disease generated by an unnatural condition of the organ.

BOWEL COMPLAINTS.

Unless the bowels perform their functions properly, the whole body suffers. Tens of thousands die annually of Dysentery, Diarrhœa, Chronic Constipation, and other diseases of these waste pipes of the system. The effect of the Pills upon all intestinal disorders, whether casual or epidemic, is a phenomenon in medicine. By following the printed directions, the most alarming cases of bowel complaint are promptly controlled.

A WORD TO FEMALES.

The local debility and irregularities which are the especial annoyances of the weaker sex, and which, when neglected, always shorten life, are relieved for the time being, and prevented for the time to come, by a course of this mild but thorough alterative.

Holloway's Pills are the best remedy known in the world for the following diseases:

Asthma, Bowel Complaints, Coughs, Colds, Chest Diseases, Costiveness, Dyspepsia, Diarrhœa, Dropsy, Debility, Fever and Ague, Female Complaints, Headaches, Indigestion, Influenza, Inflammation, Inward Weakness, Liver Complaints, Lowness of Spirits, Piles, Stone and Gravel, Secondary Symptoms, Veneral Affections and Worms of all kinds.

"No Such Word as Fail."

A RESISTLESS REMEDY.

HOLLOWAY'S OINTMENT.

CIRCULAR TO THE SICK.

The first hospital surgeons and medical publicists of Europe admit the unparalleled anti-inflammatory and healing properties of this Ointment; Governments sanction its use in their naval and military services, and the masses in this country and throughout the world repose the utmost confidence in its curative properties. It penetrates the sources of inflammation and corruption which underlie the external evidences of disease, and neutralize the fiery elements which feed and exasperate the malady.

RHEUMATISM, SCROFULA, ERYSIPELAS.

These are among the most terrible and agonizing diseases of the muscles, the fleshy fibre and the skin; yet in their worst forms, and when seemingly incurable, they invariably disappear under a persevering application of this soothing, healing, antidote to pain and inflammation.

SALT RHEUM, FEVER SORES, STIFF JOINTS.

In cases of Salt Rheum, where medical waters, lotions, and every recipe of the pharmacopœa have proved useless, the Ointment will accomplish a thorough cure. Fever Sores heal quickly under its influence, and its relaxing effect upon contracted sinews is truly wonderful.

DISCHARGING ULCERS.

A most remarkable and happy change is produced in the appearance of malignant ulcers after a few applications of this Ointment. The surrounding redness vanishes, and granules of healthy flesh begin to take the place of the discharged matter. This process goes on more or less rapidly; until the orifice is filled up with sound material, and the ulcer radically cured.

A WORD TO MOTHERS.

The young are the most frequent sufferers from external injuries, and therefore every mother should have this healing preparation constantly at hand. It is an absolute specific for sore breasts, and quickly removes the encrusted sores which sometimes disfigure the heads and faces of children.

SIGNIFICANT FACTS.

This Ointment is universally used on board the Atlantic and Pacific whaling fleet as a cure for scorbutic affections and as the best possible remedy for wounds and bruises. Large supplies of it have recently been ordered by the Sultan of Turkey for hospital purposes.

Both the Ointment and Pills should be used in the following cases:

Bunions, Burns, Chapped Hands, Chilblains, Fistula, Gout, Lumbago, Mercurial Eruptions, Piles, Rheumatism, Ringworm, Salt Rheum, Scalds, Skin Diseases, Swelled Glands, Sore Legs, Sore Breasts, Sore Heads, Sore Throats, Sores of all kinds, Sprains, Stiff Joints, Tetter, Ulcers, Venerial Sores and Wounds of all kinds.
