1773 MARCH 24 Perry, Hayes & Sherbrooke to James Cheston

SIDE ONE

Sir

it was our determination to have remitted you a Sterling Draft for the amount of the Purchase we requested you to make for us. as we find it will be most to our advantage to reimburse you in that manner. but at present the agents to the Government do not draw & we are apprehensive that no other Bills will procure us so high an Exchange as them. they expect to value on the Contractors shortly for a large Sum. we have Engaged with them for what we judge necessary, & hope a few days delay will be no great Inconvenience to you. depend upon our remitting by the very next post after we get these Bills.

We are most respectfully Sir

Yr. very Obd. Servts.

Perry Hayes & Sherbrooke
