ADDRESS TO THE OCEAN.

Roll on; thou deep and dark blue ocean—roll!
Ten thousand fleets sweep over thee in vain;
Man marks the earth with ruin; his control
Stops with the shore;—upon the watery plain
The wrecks are all thy deed, nor doth remain
A shadow of man's ravage, save his own,
When, for a moment, like a drop of rain,
He sinks into thy depths with bubbling groan,
Without a grave, unknelled, uncoffined, and
unknown.

Thou glorious mirror, where the Almighty's form
Glasses itself in tempests; in all time,
Calm or convulsed—in breeze, or gale or storm,
Icing the pole, or in the torrid clime
Dark heaving;—boundless, endless, and sublime—
The image of eternity—the throne
Of the Invisible! even from out thy slime
The monsters of the deep are made; each zone
Obeys thee; thou goest forth, dread, fathomless, alone.

And I have loved thee, ocean! and my joy
Of youthful sports was on thy breast to be
Borne like thy bubbles, onward: from a boy
I wantoned with thy breakers; they to me
Were a delight; and if the freshing sea
Made them a terror, 'twas a pleasing fear;
For I was, as it were, a child of thee,
And trusted to thy billows far and near,
And laid my hand upon thy mane—as I do here.

Democracy Knows no Sections.

The Democrats of Philadelphia held their usual annual celebration in Independence Square on the Fourth of July. Invitations were addressed to many distinguished men, and among them to Gov. Wise, who replied as follows:

RICHMOND, VA., June 29, 1857.

GENTLEMEN:—The various exercises of our own people, on the 4th of July next, will prevent me from accepting your invitation to meet the Democrats of Philadelphia, that day, at Independence Square. But please salute them in my name, and assure them that we, in Virginia, are with them now as our fathers were in 1776, "in advancing the cause of *constitutional* liberty, and in promoting good fellowship" among all the people of the States for the union of the States. *Democracy knows no sections.* Yours, truly,

HENRY A. WISE.

To James M. Leddy, Joshua M. Raybold and J. Marshall, Esqrs.

We can imagine the effect produced upon the large concourse of Democrats who stood on the spot hallowed by the most sacred associations of the revolution, when this laconically eloquent letter was read to them. Democrats everywhere feel a just pride in belonging to a party which "knows no sections." Wherever they meet, whether in Maine or Georgia, Oregon or Texas, they feel that they are meeting fellow-citizens, joint heirs of a common heritage, co-workers in a common cause, equal friends of a common constitution, all loving alike the great principles to which they have subscribed, all alike respecting the rights of others. It is appropriate, while celebrating the day of the Declaration of the rights of freemen and the triumph of a revolution which culminated in the formation of a Constitution under which all the States were bound in a common union, that a Democrat of Virginia should send to his fellow-Democrats of Pennsylvania this brief and earnest greeting, closing with words which should be written on our banners in letters of gold. When independence was declared, the lovers of liberty "knew no sections." When the battles were fought by which that manifesto was made good, those who fell and those who survived to enjoy a nation's gratitude "knew no sections." When the wise and protriotic men assembled from all the States to fence around the liberties they had won with the guarantees and compacts of the Constitution, "they knew no sections." And now, when that liberty is more highly prized than ever, and that Constitution better loved, because better understood, the members of the great national party who take the Constitution for their platform, may proudly proclaim that "they know no sections."

It is fortunate that there is a party in the United States so sound and catholic in its tenets, so conservative of the rights of each State, so firmly pledged to the strict construction of constitutional powers, so devoted to the maintenance of the national honor and to the promotion of national progress, that all honest Americans can give to it their full adhesion without violating a single duty, and without the sacrifice of any privilege. But for the Democratic party, the labor, sacrifices and blood of revolutionary heroes would have won but a brief triumph over foreign foes. But for it the country would long since have been dissevered into contending fragments, each an easy prey to despotism, or red with the blood of anarchy. Were the factionists who now shower their slanders upon Democracy to succeed in destroying our party, it needs no prophet to foresee that national ruin would soon be the reward for the "deep damnation of its taking off."

How important it is, therefore, for Democrats of parts of the confederacy to cherish feelings of confidence for one another, and to treat all questions which threaten to disturb that harmony, with a wise and magnanimous tolerance! While all are agreed that whatever is done shall only be done legally, fairly and with a strict regard to the wishes of those most concerned, what matters it if the Democrats of the North desire one result, while those of the South hope for a different one? The difference in their desires ought not to create, and has not yet created a sectional division.—*New Orleans Courier.*

WHISTLING.—The man who don't believe in whistling, should go a step further, and put a muzzle on bobolinks and mocking-birds.—Whistling is a great institution. It oils the wheels of care, and supplies the place of sunshine. A man who whistles has a good heart under his shirt-front. Such a man not only works more willingly, but he works more constantly. A whistling cobler will earn as much money again as a cord-wainer who gives way to low spirits and indigestion. Mean or avarice men never whistle. Who ever heard of a whistler among the sharp practitioners of Wall street? We pause for an answer. The man who attacks whistling throws a stone at the head of hilarity, and would, if he could, rob June of its roses—August of its meadow larks. Such a man should be looked to.

Our most eminent men have vied with each other in extolling its merits.

LIME.

To the Editor of the Annapolis (Md.) Gazette:

WE deem it due to Mr. Coulter, of your place, to invite attention to the very superior article of LIME now furnished by him. In doing so we feel that we are rendering a service to the Farmers, and especially to those of Anne Arundel county. We say without hesitation that, in our opinion, Mr. Coulter furnishes an article greatly superior to anything of the kind we have ever used or seen. The Lime furnished by him is burnt with the best spruce pine and light wood, the ashes of which every Farmer knows the value of, in improving land. These mix with the Lime and add greatly to its fertilizing properties. Whereas the Lime obtained from Baltimore and elsewhere is burnt with the filthy coal offal, procured from yards, and of course inferior in quality and of much less value as a fertilizer than that furnished by Mr. Coulter.

Mr. Coulter must certainly possess some secret in manufacturing his Lime, for we have never seen any Lime where all the shells were so thoroughly burnt. He burns ten thousand bushels in ten days, and every shell is converted into Lime of the finest quality and as white as the driven snow.

Dr. James Higgins, State Agricultural Chemist, in company with Col. Walton, visited Mr. Coulter's place of business a short time since, and pronounced his Lime the most beautiful article of the kind he had ever seen.

Mr. Coulter furnishes his Lime at Baltimore prices; and the Farmers of Anne Arundel co., and others would do well to give him a call, if they wish to procure an article of superior quality,

The Medicine of the Million.
PHILOSOPHY AND FACT.
HOLLOWAY'S PILLS.

THE EXCITING CAUSE OF SICKNESS.

The blood is the life-sustaining agent. It furnishes the component of flesh, bone, muscle, nerve and integument. The stomach is its manufactory, the veins its distributors, and the intestines the channel through which the waste matter rejected in its productions is expelled. Upon the stomach, the circulation and the bowels, these Pills act simultaneously, relieving indigestion, purifying the fluids, and regulating the excretions.

THE NATIONAL COMPLAINT.

Dyspepsia is the most common disease among all classes in this country. It assumes a thousand shapes, and is the primary source of innumerable dangerous maladies, but whatever its type or symptoms, however obstinate its resistance to ordinary preparations, it yields readily and rapidly to this searching and unerring remedy.

BILIOUS AFFECTIONS.

The quantity and quality of the bile are of vital importance to health. Upon the liver, the gland which secretes this fluid, these Pills operate specifically, infallibly rectifying its irregularities, and effectually curing Jaundice, Bilious Remittants, and all the varieties of disease generated by an unnatural condition of the organ.

BOWEL COMPLAINTS.

Unless the bowels perform their functions properly, the whole body suffers. Tens of thousands die annually of Dysentery, Diarrhœa, Chronic Constipation, and other diseases of these waste pipes of the system. The effect of the Pills upon all intestinal disorders, whether casual or epidemic, is a phenomenon in medicine. By following the printed directions, the most alarming cases of bowel complaint are promptly controlled.

A WORD TO FEMALES.

The local debility and irregularities which are the especial annoyances of the weaker sex, and which, when neglected, always shorten life, are relieved for the time being, and prevented for the time to come, by a course of this mild but thorough alterative.

Holloway's Pills are the best remedy known in the world for the following diseases:

Asthma, Bowel Complaints, Coughs, Colds, Chest Diseases, Costiveness, Dyspepsia, Diarrhœa, Dropsy, Debility, Fever and Ague, Female Complaints, Headaches, Indigestion, Influenza, Inflammation, Inward Weakness, Liver Complaints, Lowness of Spirits, Piles, Stone and Gravel, Secondary Symptoms, Venereal Affections and Worms of all kinds.

***Sold at the Manufactories of Professor HOLLOWAY, 80 Maiden Lane, New York, and 244 Strand, London; and by all respectable Druggists and Dealers in Medicine throughout the United States and the civilized world, in boxes at 25 cents, 62½ cents and $1 each.

☞ There is a considerable saving by taking the larger sizes.

N. B. Directions for the guidance of patients in every disorder are affixed to each box.

CAUTION!
