Howard Association,

PHILADELPHIA.

A Benevolent Institution established by special Endowment, for the relief of the Sick and Distressed, afflicted with Virulent and Epidemic Diseases.

THE HOWARD ASSOCIATION, in view of the awful destruction of human life caused by Sexual diseases, and the deceptions practiced upon the unfortunate victims of such diseases by quacks. several years ago directed their Consulting Surgeon, as a CHARITABLE ACT worthy of their name, to open a Dispensary for the treatment of this class of diseases, in all their forms, and to give *medical advice gratis* to all who apply by letter, with a description of their condition, (ages occupation, habits of life, &c.,) and in case, of extreme poverty to *furnish medicines free of charge*. It is needless to add that the Association commands the highest medical skill of the age, and will furnish the most approved modern treatment.

The Directors of the Association, in their Annual Report upon the treatment of Sexual Diseases, express the highest satisfaction with the success which has attended the labors of their Sergeons in the cure of Spermatorrhœa, Seminal Weakness, Gonorrhœa, Gleet, Sphilis, the vice of Onanism or Self-Abuse, Diseases of the Kidneys and bladder, &c., and order a continuance of the same plan for the ensuing year.

The Directors, on a review of the past, feel assured that their labors in this sphere of benevolent effort have been of great benefit to the afflicted, especially to the young, and they have resolved to devote themselves, with renewed zeal, to this very important and much despised cause..

An admirable Report on Spermatorrhœa, or Seminal Weakness, the vice of Onanism, Masturbation, or Self Abuse, and other Diseases of the Sexual organs, by the Consulting Surgeon, will be sent by mail (in a sealed envelope) FREE OF CHARGE, on receipt of *two stamps* for postage. Other reports and tracts on the nature and treatment of Sexual diseases, diet, &c., are constantly being published for gratuitous distribution, and will be sent to the afflicted. Some of the new remedies and methods of treotment discovered during the last year, are of great value.

Address, for Report or treatment, Dr. J. SKILLIN HOUGHTON, Acting Surgeon, Howard Association, No. 2 South Ninth St., Philadelphia, Pa.

By order of the Directors,

EZRA D. HEARTWELL, President.

GEO. FAIRCHILD, Secretary.

A CARD.

THE subscriber would beg leave most respectfully to inform his friends and the public generally that he has handsomely fitted up his store room, for the purpose of resuscitating his business in Centreville. He is now in the city purchasing his Fall and Winter Stock of goods, which will be opened on Monday next, when the public may look out for great bargains for CASH. Having seen the great evil of an extended credit system, he has determined to make an entire change in the manner of transacting his business from an injurious credit to an economical and cash system; under this system he can afford to sell goods at much lower prices. He hopes that his old patrons and the public will sustain him in doing business on this plan.

Please call and prove the truth of this matter. THOMAS HUGHEY.

Notice to Farmers.

I HAVE received an appointment for the sale of "Jourdan's Superphosphate of Lime." This Fertilizer has been used extensively in Delaware for the last five or six years with great success, and in this county by Dr. W. S. CERTIFFICATES.

Centreville, Queen Ann's Co., March 10th, 1859.

A. S. GODWIN, ESQ., DR. SIR:

Learning that you are appointed agent for the sale of "Jourdan's Superphosphate of Lime," I take pleasure in saying to the public that I have used it for several years, on wheat and corn, with satisfactory results. I consider it the best Phosphatic manure I have used. W. S. TURPIN.

I have used extensively Jourdan's Ammoniated Superphosphate of Lime, for 2 years, upon wheat and corn. The effect was great and profitable in the increase of both crops, and to me highly satisfactory, having proved a cheap and valuable fertilizer. I regard it as being among the very best concentrated manures in use.

GEO. W. CUMMINGS.

Smyrna, April 1, 1856.

I tried "Jourdan's Superphosphate of Lime" last fall, on wheat, to a limited extent, and found (at harvest) the wheat equal to where Guano on the one side, and manure on the other side, were applied. I tried to apply the same quantity (300 lbs. per acre,) of each, the ground prepared alike; the Guano sowed before planting, and the Phosphate of lime after, being the only difference; the soil sandy loam. I wish you to send me three tons more of the same article, for my wheat crop of this fall sowing, for I believe in the quality of it. WM. COLLINS.

Kent Co., Del., Oct. 4, 1855.

I last year furnished my tenants with twenty tons of Jourdan's Ammoniated Superphosphate of Lime, which was applied to the corn crop in the hills, and I was much pleased with its effects. The corn stood well and grew rapidly, and the crop was, I have reason to believe, greatly increased in consequence of the application of the fertilizer.

NEW BAKERY!

HAVING been solicited by my friends to start the Baking business, I have at considerable expense put up one of the finest ovens on this Shore, and employed a genteel reliable man from Washington, who thoroughly understands his business. Try him.

All kinds of baking done for families at moderate charges.

CAKES AT BALTIMORE PRICES

AT WHOLESALE.

Bread, Baltimore weight. Cake furnished to Parties at city prices.

I take this opportunity of returning my sincere thanks to the citizens of Queen Ann's county generally, for their kind and liberal patronage, and hope by strict attention to business to merit and receive a continuance of the same.

The public's obedient servant,

MR. JOHN E. HARMAN.
