Young Tankerville.

MY YOUNG STALLION

TANKERVILLE

WILL stand the ensuing season, commencing the 20th of March and ending the 20th of June at my stable; where he will be let to a limited number of mares at the low charge of fifteen dollars the season—to be paid on or before its close. Tankerville is four years old this spring, is a rich bay near fifteen and a half hands high, is possessed of great beauty, style and action, and gives promise of extraoroinary speed. He was sired by Morgan Black Hawk, now own- by a company of gentlemen in this county, G. sire Will's celebrated Black Hawk, of Vermont; G. G. sire Sherman Morgan, G. G. G. sire Justin Morgan. Morgan Black Hawk's dam was a very superior Messenger mare, Taukerville's dam is a mare of fine style, size and action, and is represented to me to be of the Hamiltonian stock and from New York. The services of the Company's horse Morgan Black Hawk can alsobe had at the same stand for a few mares; terms to be agreed upon but moderate. Fifty cents to the groom for the services of either horse JAMES T. EARLE.

THE THOROUGH BRED HORSE

SKIPTON.

THIS well known and much admired Stallion will make a season commencing with date and ending the 20th of June ensuing, in Talbot and Queen Ann's counties. Standing in Queen Ann's at Centreville on Tuesday April the 10th and every alternate Tuesday thereafter. At Queenstown on Wednesday April 11th and every alternate Wednesday thereafter. At Stevensville, on Kent Island, on Friday April the 13th and every alternate Friday thereafter.

REMARKS:—Skipton is seven years old this spring; 16 hands high, of faultless figure and excellent disposition; with a full chest and beautiful eye; and unequalled in symetery of form and good qualities by any horse in the State.—Works well in harness, and performs well in plough and cart; is a very sure foal getter and his colts do ample Justice to his stock. He is said to resemble his grand sire the celebrated horse John Richards, in almost every point. Skipton's colts will compare favorably with the colts of any horse that has ever traveled in the county—some of which are now three years old. For Pedigree see hand bills.

TERMS:—Ten dollars the season.—50 cents in each case to the groom.

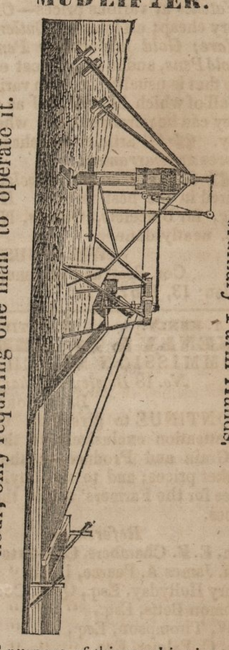
BRYAN'S AGRICULTRAL MUD LIFTER.

Worked by two horses and will raise 15 Cart Loads per hour, only requiring one man to operate it.



A Strong and Durable Machine, which can be worked by ordinary Farm Hands,

THE purpose of this machine is to raise the deposit from the bottom of ravines, coves creeks, rivers or other places *Inaccessible to teams.*

This Machine raises the mud, brings it on shore, deposits into a hopper, under which a cart can be driven, and receives its load by means of a slide moved by the driver, by which all labor of shoveling is avoided.

The bucket is made of the best boiler iron, and is so constructed that it dumps the mud into the hopper, and by reversing the capstan, adjusts itself and is carried out for another load.

By referring to a drawing and clear explanations sent with each machine any ordinary carpenter can put one up without difficulty.

But a few pieces of roughly hewn timber are required for the frame. Everything else complete with chain and rope enough to send the bucket 170 feet from the capstan, is furnished in Baltimore for the sum of $225 cash.

All orders promptly attended to, or information given at Larrabee's Foundry, *Cor. Front and Plowman Streets,*

THE enterprising proprietor of CHESNUT GROVE WHISKEY, (the purest medicinal agent ever known,) has furnished the community a stimulant, pure, healthful and invigorating, at the same time a mild and delicious beverage. It is calculated to do away with the vile drugged stuff that is palmned off upon the community, and which is injurious to body and mind. In addition to the certificates beneath, he has received a diploma from the State Agricultural Society, and additional testimony from Dr. Jackson, of Boston who testifies under oath to its absolute purity.

We have carefully tested the sample of Chesnut Grove Whiskey which you sent us, and find that it contains none of the poisonous substance know as Fusil Oil which is the characteristic and injurious ingredient of the whiskeys in general use.

New York, Sept. 3d, 1858.

I have analyzed a sample of Chesnut Grove Whiskey, received from Charles Wharton, Jr. of Philadelphia, and having carefully tested it, I am pleased to state that it is entirely free from poisonous substances. It is an unusually pure and fine flavored quality of whiskey.

JAMES R. CHILTON,
Analytical Chemist.

Boston, March 7th, 1859.

I have made a chemical analysis of commercial samples of Chesnut Grove Whiskey, which proves to be free from the heavy Fusil Oils, and perfectly pure and unadulterated. The fine flavor of this whiskey is derived from the grain used in manufacturing it. Respectfully,
