Howard Association,

PHILADELPHIA.

A Benevolent Institution established by special Endowment, for the relief of the Sick and Distressed, afflicted with Virulent and Epidemic Diseases.

THE HOWARD ASSOCIATION, in view of the awful destruction of human life caused by Sexual diseases, and the deceptions practiced upon the unfortunate victims of such diseases by quacks, several years ago directed their Consulting Surgeon, as a CHARITABLE ACT worthy of their name, to open a Dispensary for the treatment of this class of diseases, in all their forms, and to give *medical advice gratis* to all who apply by letter, with a description of their condition, (ages occupation, habits of life, &c.,) and in case, of extreme poverty to *furnish medicines free of charge.* It is needless to add that the Association commands the highest medical skill of the age, and will furnish the most approved modern treatment.

The Directors of the Association, in their Annual Report upon the treatment of Sexual Diseases, express the highest satisfaction with the success which has attended the labors of their Sergeons in the cure of Spermatorrhœa, Seminal Weakness, Gonorrhœa, Gleet, Sphilis, the vice of Onanism or Self-Abuse, Diseases of the Kidneys and bladder, &c., and order a continuance of the same plan for the ensuing year.

The Directors, on a review of the past, feel assured that their labors in this sphere of benevolent effort have been of great benefit to the afflicted, especially to the young, and they have resolved to devote themselves, with renewed zeal, to this very important and much despised cause.

An admirable Report on Spermatorrhœa, or Seminal Weakness, the vice of Onanism, Masturbation, or Self-Abuse, and other Diseases of the Sexual organs, by the Consulting Surgeon, will be sent by mail (in a sealed envelope) FREE OF CHARGE, on receipt of *two stamps* for postage. Other reports and tracts on the nature and treatment of Sexual diseases, diet, &c., are constantly being published for gratuitous distribution, and will be sent to the afflicted. Some of the new remedies and methods of treatment discovered during the last year, are of great value.

Address, for Report or treatment, Dr. J. SKILLIN HOUGHTON, Acting Surgeon, Howard Association, No. 2 South Ninth St., Philadelphia, Pa.

By order of the Directors,

EZRA D. HEARTWELL,
President.

GEO FAIRCHILD, Secretary.

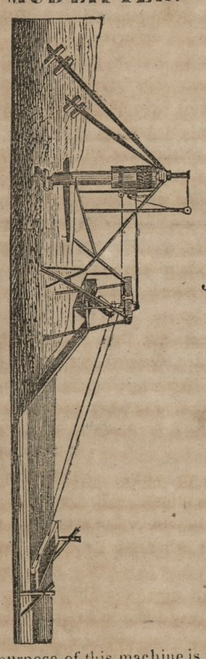
BRYAN'S AGRICULUTRAL MUDLIFTER.

Worked by two horses and will raise 15 Cart Loads per hour, only requiring one man to operate it.



A Strong and Durable Machine, which can be worked by ordinary Farm Hands.

THE purpose of this machine is to raise the deposit from the bottom of ravines, coves creeks, rivers or other places *Inaccessible to teams.*

This Machine raises the mud, brings it onshore, deposits into a hopper, under which a cart can be driven, and receives its load by means of a slide moved by the driver, by which all labor of shoveling avoided.

The bucket is made of the best boiler iron, and is so constructed that it dumps the mud into the hopper, and by reversing the capstan, adjusts itself and is carried out for another load.

By refering to a drawing and clear explanations sent with each machine any ordinary carpenter can put one up without difficulty.

But a few pieces of roughly hewn timber are required for the frame. Everything else complete with chain and rope enough to send the bucket 170 feet from the capstan, is furnished in Baltimore for the sum of $225 cash.

All orders promptly attended to, or information given at Larrabee's Foundry, *Cor. Front and Plowman Streets,* BALTIMORE MD.

CERTIFFICATES.

Centreville, Queen Ann's Co., March 10th, 1859.

A. S. GODWIN, ESQ., DR. SIR:

Learning that you are appointed agent for the sale of "Jourdan's Superphosphate of Lime," I take pleasure in saying to the public that I have used it for several years, on wheat and corn, with satisfactory results. I consider it the best Phosphatic manure I have used. W. S. TURPIN.

I have used extensively Jourdan's Ammoniated Superphosphate of Lime, for 2 years, upon wheat and corn. The effect was great and profitable in the increase of both crops, and to me highly satisfactory, having proved a cheap and valuable fertilizer. I regard it as being among the very best concentrated manures in use.

GEO. W. CUMMINGS.

Smyrna, April 1, 1856.

I tried "Jourdan's Superphosphate of Lime" last fall, on wheat, to a limited extent, and found (at harvest) the wheat equal to where Guano on the one side, and manure on the other side, were applied. I tried to apply the same quantity (300 lbs. per acre,) of each, the ground prepared alike; the Guano sowed before planting, and the Phosphate of lime after, being the only difference; the soil sandy loam. I wish you to send me three tons more of the same article, for my wheat crop of this fall sowing, for I believe in the quality of it. WM. COLLINS.

Kent Co., Del., Oct. 4, 1855.

I last year furnished my tenants with twenty tons of Jourdan's Ammoniated Superphosphate of Lime, which was applied to the corn crop in the hills, and I was much pleased with its effects. The corn stood well and grew rapidly, and the crop was, I have reason to believe, greatly increased in consequence of the application of the fertilizer.

UNITED STATES HOTEL.

THE undersigned returns his thanks for past favors and the generous aid extended to him in endeavoring to retrieve the good name and character of the old and well known Brick Hotel in Centreville (now the United States) and begs to assure his patrons that every exertion will be made to, not only accommodate his guests as heretofore; but to add to their comfort, thus making his house as perfectly arranged as possible in every particular and not to be surpassed on this Shore.

THE TABLE.

Will be supplied with the best the market can afford. In order to render his guests still more comfortable he has, at great expense, fitted up in elegant style, in the large Dining Room, a nice

BAR WITH EATING COUNTER

and tables, where meals can be had at all hours. Should they not be disposed to take their meals at the regular table, they will always find Mr. Wm. McClements, well known as a caterer and polite affable gentleman, ready to serve up for them at a moments notice, oysters, in all styles to suit every taste, together with Steak, cold Ham, boild Eggs, Ham and Eggs, cold boiled Corned Beef, cold Fowl, &c. &c.

Persons stopping by the day, will please call at the Office, where they will be politely waited on by Mr. John Merritt, who will receive them and assign them good comfortable rooms and see that they are properly attended to. On leaving the house they will please call at the Office and settle their accounts that their rooms may be marked vacant, otherwise they will be charged until they comply with the above stated requirements.

Determined that nothing shall be left undone on his part he trusts that a generous public will reward his efforts to please with a liberal share of patronage.
