SIDE ONE

Sir

When your vessel called in Rumney Creek my Plank was not hauld down, Expecting you would have given me notice some Days before you Sent, and understanding they were but two Hands in her, I proposed to them to Return and Procure more Help — I shall begin on next Monday to Cart it down, & expect a load will be Ready for her in three or four Days after at our landing, I gave a Receipt to Guido the Skipper. — I get by Mr. Abbot Lanans Taking some Plank from my Landing that the longest Plank is Difficult to take Onboard, & he rafted sent by Boring Holes in one End and Putting them on Edge he Called with an Iron Bar, of an Inch and ½ thick, abt 14 feet Long, Carry near 3 Mo feet; it will be best for your People to Come & Prepare least they Cant take it all Onboard —

I shall Measure it all, at the Makes Edge, on the head of Neal Creek, it will after lie Ready against you send for it, at that Landing, they take first Choice then will be a full Load the Raft, the Other I shall haul Down in August as I proposed and will let you know when its Ready by alone for your Gentlemen in Sending for it

14 July 1773.

I am Sir

Your very Humble Sr
