Gentlemen

Maj. Thomas Moore was ded and Buried before I reached Cambridge I delivered the letter (which was directed to him) to the Committee Capt. Joseph Dashiell one of the Committee has offered to act in that business if you Gentlemen should approve of him ——

I have a great prospect of Success having had many good men for the Service offered but could do nothing not having the money nor knowing if I had it what to advance — the last proceedings of Convention not being in this County

I am with the Greatest Respect Your Hum.l Serv.t
