Dear Sirs

This will be handed you by Capt: Simon Proffett, by whom we have sent all the new Ships Rigging, Cables & paint & Oyle brushes &c: the sails, blocks, leds lines, &c: and one Anchor being sent by the Restoration, she will sent nothing but a few stores to bring her home, which may be had a little out of the Restoration & little out of the Isabella, a Yard & water Cask we have order'd Proffett to furnish, which may be a means of lightening his decks as he probably must have a winter passage he is also to furnish points, Gasketts, & part of the Cooks Geer, We think you had better leave the joiners work of the Cabin alone till she comes home only send sufficient plank to do it with, We have also promised Capt Thomas that he shall

Thond any thing else turn up more for our mutual advantage, than What we have treated on or what appears at present to us, we desire you will then put your own designs in execution & give us timely notice thereof, for our Government as to insurance, having nothing further to add, we remain

Dear Sir
