BALTIMORE PIANO-FORTE MANUFACTORY,

ELASTIC UNIVERSAL TOUCH.

WISE & BROTHER, Manufacturers of BOUDOIR, GRAND and SQUARE PIANOES, request those who would be assured of a first class Piano, that ladies can perform on with the greatest possible advantage—one that the touch can be instantly adjusted to the exact strength of the fingers and movement of music—one that will stand in concert tune—one that the tone will not become shrill and grating, that is chaste of style and elegantly made up of straight and regular curve lines, that will last an age—to give them a call. The ancient standing of the Baltimore Factory and liberal patronage of citizens and others of the first order of artistic taste and science, concede at once the most critical have been fully anticipated. Their recently finished Grand Piano, minutely reviewed by the most accomplished civil engineers and master artists, and denominated truly a GRAND PIANO; also, that their late BOUDOIR, for style, power and compass of tone, is not surpassed, if equaled, in the world.
