1774 APRIL 7 Thos[mas] Smyth to ?

SIDE ONE

Dear Sir Cherita Town April the 7th 1774

I have received the last Servant you sent me and if he can do what he says he will suit me very well. The Blacksmith is a very clever Fellow at his Trade. I have not yet been able to get Mr Thews Determination about his Wheat, altho we have twice (since you was over) talked together about it he seems inclined to keep it longer.

I have ordered about 120 bushels Wheat that is in the Schooner that carries my Flour to Baltimore to be delivered to you and inclose you an Order on Jesse Hollingsworth for £150: which he will pay as soon as my Flour is turned into Cash. I am Dr Your most Hble
