Dear Sir

I have mentioned to W Russell, and I beg the favour of you also, to inform me, whether in case I should want money for bills say £200 stg or more, I might have 72½, to settle for the money 22 Octr, to call for the money occasionally, & to be paying in the mean time any Bills that might fall into the Concern at the failing of any ship by which my correspondent might want to remit – This would be easy on both sides – The Bills endorsed by me (I mean planters Bills) would be 30 Dft – my own draughts 60 Dft London –

Your assistance in this on the best terms possible & the earliest information will oblige me – In case it can be done – by sending to C Buchan at Elk Landing & informing him of the consequence of the letter he will send express to Dr Dear Sir

We are all in usual health

Your Affect Hble Servt
