1775 Nov. 15 Thos. Ringgold to James Calder

SIDE ONE

Dear Sir Chester Town 15th Nov. 1775

From the Day you had to crossf the Bay we hope Nancy did not take Cold but we doubt not she had an easy passage: I most sincerely wish your passage thro' Life may be as smooth. Nothing but these Times I believe would ruffle it much & they are indeed a great Drawback on us all. — We formed our Determination to remove to Sudrick the Day after you left us and we are now busy in packing up &c. &c. — It's late in the Season but have little doubt of performing the removal without any disagreable Consequence. I find in examining our Acct. since you left this that you overpaid us £12 from our Clerks not knowing end. 4 Barrels of Beef to your Credit which the Order on Kennedy for that Sum was intended for. — I will send it to you by Mr. Galloway. The inclosed Letter from him came by this Days post. Polly would have wrote to Nancy by this Opportunity but the Notice is short & its late at Night & she is much fatigued with the Business of the Day. We join in our very hearty Wishes for the Happiness of you both and

I am Dear Sir Yr. very obed. Servt & Kinsman
