1778-1779 James Cheston Letter

SIDE ONE

Mr Randolph / Maryland Nov. 18. 1778

The above is a copy, since you are
ting of which, I have Rec.d Yr. Letter of the
9. June 1776, the only one that has had
the fortune of getting to hand - In Answer
to it, I can only say generally, that It has
given me a clearer Idea of transactions
with you than I had before, And in conse-
quence, that I think much obliged for the
friendly part you have taken upon my
Acct. I am confident It has saved me a
great Deal. I am anxious to have some
of your Letters wrote subsequent to lost
failure. They I am thinking, would contain
a more satisfactory Acct. of my Affairs,
as that event must bring att.d a full dis-
closure of every thing with him. I am in
hopes some of them may Reach me, but
for fear they should not, I shall be extremely
glad of a Recapitulation via France or
Otherwise as you may think most likely
to get to hand. Mr is not yet returned
from Virginia. I shall advise you of his
conduct with Respect to the debts from the
time as I may think it necessary -
