SIDE ONE

Dear Sir

Inclosed you have a letter from Mr Page which he gave me the day after you left this – he said, had he have known you had been in this town he would have made it a point to have seen you – Becks oxen will not do – Botten says one of his oxen will not draw kindly therefore will not answer your purpose – have not had an opportunity of seeing Wenton or knowing whether he will dispose of his – Tom Gassaway was to give me the copy of a will which I forgot to call for as I came through Annapolis I wish you would send up for it – pay the charges of copying and send it me by friends – I expect a letter from Virginia respecting Selim by the post to Annapolis enquire if there is one for me – By friends you will have the stuff for your coat – you ordered four yards – I think it will be too much – but it will do for you
