1784 JAN. 23 WILLIAM RANDOLPH TO SIDNEY BREESE

SIDE ONE

Bristol 23d Jan.y 1784

Dear Sir

My last to you was on the 6th day of Novr 83 by the Industry Honywell for Philadelphia, since which I have your favors of the 15th Septbr & 12th Novem.r last — by the former I observe what you have done respecting Browns affairs, I wish you may get such information as may be of real service to us in this business, Richard Burrows for whom I have given you this trouble still insist upon his being the whole & sole heir to an immense estate could he get at his right I have repeatedly wrote him, about the christian name of Brown but to little purpose nor do I believe we shall ever get at it —

Your exch.e on me to Stephen Wilson for £100 — has been duly hon.d —

In respect to the latter you acknowledge the receipt of the copy of the Comm.n of Bankruptcy which I was happy to hear as there has been a generall complaint of letters miscarrying which have been sent to Philadelphia, I have given Hughes copy of your last letter to me so far as it relates to Stevensons affairs & have particularly requested his paying proper attention to it But I am sorry to say he is one of poor Stevensons sort a man with abilities but not the least application — My letter of the 14th July which you observe never came to hand is a little singular as it went by the same Ship with that and free from Ship dammage — I hope (Should the original) that some of the many copies of my letters respecting the Leviathans load home have reach'd your hands —

Herewith you have copy of mine of the 6th Novr last & a letter for Capt. Dolby which you will be so kind as to deliver him, you have also triplicate of an agreement entered into between Mr Jones Mr Vaughan and my self with the order sent you for executing the same which I hope you have long since received —

God bless you and your rel.s may you live to see many happy new years accept the kind wishes of all my fire side & believe me —

Dear Sir

Your most Obed.t Hble Servt

William Randolph

P.S. I have yesterday accepted your Aft on me payable to Doct.r Upton Scott for £100 —
