1784 JULY 3 JOHN GALLOWAY TO JOHN GALLOWAY

SIDE TWO

has been endeavouring to get counter security for my debt but I believe to no purpose - should he refuse to do something for him I shall in justice be obliged to let Finley loose upon him - As to myself by the time I got home I was in a mend inflammatary state indeed and it was high time I got the advice & assistance of a Physician - Anderson has relieved me from the severe pain & heat in the mouth - wine & bath I made use of was very improper - it was an unfortunate thing that I left home prevent the Manor - the matter I am afraid will be to go nearly over again before I can be perfectly reestablished in my health - I am anxious to hear how my father does as you know he was very unwell and particularly so the day I left home - hope to hear from some of you by the boat which will bring our goods up as I am told the Lucy is at last arrived with my best love and wishes to you all I am

Dear Sir yours sincerely
