London 24 Augt 1786

Dear Sir

I was favoured with yours of the 26th April enclosing Duplicates of the Invoice, & draft on Dubrueina for £25.- The first Bill arrivd about six weeks before it, & has since been paid. — The merchandises which accompany this, I hope you will find exactly agreable to your directions. — Mrs B. will enclose the accounts by which you will find a small ballance remaining in my hands. — I am happy to find that you possess the first & grand thing to be wishd for in life, good health; & when one reflects of the miseries your poor country has undergone, & it seems still continues to suffer, I doubt not you will be furnishd with philosophy enough to extract comforts, (I hope many) from your present settlement. — A permanent property
