James Christie Esqr

Dear Sir

Before the receipt of your favor of the 10 Inst. I had sent the Clerk of the General Court a letter for a Writ against Hutchings – I have writ to the Sheriff of Queen Anns, countermanding the service of the Writ, & shall take the first opportunity of writing to the Clerk to strike the action off. I informed you some time ago that we were waiting for the defendants interrogatories to expedite the Commission in Page's case. Mr Page is now returned from Virginia I hope we shall have them shortly – When I send you over the Commission, you will receive some further directions to be communicated to your friends in England.

I am Dr Sir
Your &c
