Dear Sir

We got home on Saturday last from Philadelphia and I should have wrote you immediately but having been waiting for the determination of the Guardians respecting this poor unfortunate boy - but as Mr Craggs returns this Morn I cannot let him go without writing you - The Guardians have come to no fix plan - they are to have a meeting at this place on Wednesday next in consequence of Tommys persisting in not returning to you they had thoughts of sending him to Carolina with Mr Smith - But the young Gentleman begins to repent of his frolick and last Evening promised me to return to you and behave himself well - He has no new complaint to make to his Guardians - You offer to take him back is looked upon by
