1787 MARCH 14 ANN CHESTON TO JAMES CHESTON

SIDE ONE

Ann Cheston
March th 14

As I heard the Day after you left us that there was no Court at Baltimore I have expected to see you every Evening since Monday, and still hope you will be at home this Evening, but least any thing should detain you longer, I have taken the chance that you may know we are all well, I was yesterday at the Neck and very busily imployed all Day in having the trees manured, Mr Eagles hands were some grubing, and others carrying out shels, it looks like rain and I hope we shall have a season, Mr Steward has been extremely Ill ever since you left the neighbourhood he is rather better, his complaint they think will fix in the Gout, I some times fear you may have been taken with the same complaint & that has detained you. I shall be very unhappy if I do not see or hear from you very soon

Your very Aff.te
Ann Cheston

I hope Jingo will soon return as we just out of flower, & the carpenters had nothing to do, but were all at play yesterday. March 14 1787
