My Dear Brother

as I find it is Mr. Forrest that is going I have sent the Newspapers & Magazines, & hope they will afford you some Entertainment, & give you some Idea of the ways of this great Town — I wrote to Mrs Chester some days ago, have therefore little left to say to you, but write, to set you a good example, & hey you will look on it, as a matter of business to write to me, for Mrs C says unless it is so, you are an unwilling man at your pen — Your bills were accepted, the Money is recieved, & some articles purchas'd, & I purpose sending them by the next good opportunity — Mr Pim would have wrote. but he is just now particularly busy at hard study & constant business at the Theatre, & I must also say. that he is a bad Correspondent, it is a work that seems with his own family/ lays on me.
