1788 MARCH 12 JOHN GALLOWAY TO MARY GALLOWAY

SIDE TWO

I shall come over to Wind River for a couple of days
- I wish exceedingly to remove my family before I
go to the manor —

My Sister Martha is much recruited
since I wrote last — for some time past she has conceived
herself in danger of a consumption, which has induced
her to slave herself and prevail upon the Dr. to bleed her
frequently in the ad. but she tired to have carried the
joke too far. — The System is now quite changed and
she sups on roast beef and drinks brandy. Tuesday of
thieves on it — Ned Tylerman has 4100 bushels of Corn for
sale on Wye & Corsica, if you hear of any person that wants
— I made from off of less than 5 Acres 49 bushels of good
sound corn — I saw James Tylerman (Lawyer) yesterday
he says James Hutchins has assigned to him for your use
two bonds, one of which he has paid in Land & respects
the money for the other the next week or a Suit will be
issued —

It was with much concern we heard of Doctor
Murrays situation & fear from all accounts he can hardly
get through it. sincerely pity Mrs Murray — we are all
well and very anxious to hear from Wind River — with
love to all —

I am Dear Jane Sincerely
John Galloway
