SIDE ONE

Trumington 24th March 1788

Dear Sir

I received your favor of the 18th ult.o some Days past by Mr Galloway and am extreamly uneasy that it has not been in my power to accomplish the payment of the £200. I promised should be made in November last. at the time I saw you at Chester I thought I had made such arrangements of the Funds from whence I expected to pay you £200 that I could not be disappointed but I now find that there is no certainty of ~~many~~ punctual payments from hardly any Person – Mr B. Chambers & Mr Jas Tilghmany of Talbot owe me nearly double that Sum who had both discharged = I intend to certainly be at Annapolis the last of May at the sitting of our Assembly & will then be prepared to finally adjust & settle this claim and will make you such propositions for the payment of any balance there may be agreed to be due from me as I hope will be satisfactory

I am Dr Sir your most Obed.t Serv.t

Thos Smyth
