1788 APRIL 2 JOHN GALLOWAY TO JAMES CHESTON

SIDE ONE

Dear Sir

When Paul Bury was here I was so much taken up with dispatching him that I had not time to consider over the Contents of your Letter — As you cannot move untill the last of this month it will make quite too late for me to remove every thing over and settle them there before I take my Journey to the mana therefore have come to the determination of going to the Mana first and not remove my things &c untill my return which will be about the first week in May — intend setg off from this in ten days for Tulip Hill & proceed on from thence — Pick your up tomorrow to Philadelphia for my Carriage — my bill on Philadelphia is accepted hope to be able to lay the last of this month

Mr W. Tilghman has brought a suit on your account against Tobias Ashman which I believe will send him to the Chancellor — I have got him to draw an order on me in your favour for £12.10.0 which I have accepted and placed to your Credit — I think it is probable this is all you will ever get tho he says he pay all his debts give him time — Inclosed you have Letters from Mr Bayard and Mr Thomas Smyth — the latter Gentleman I saw to day. he says he hopes to get some money this week — As I shall not be over so soon as I intended must request my Sister will have the beds taken
