1708 APRIL 28 JOHN GALLOWAY TO JOHN CHEW

SIDE ONE

Dear Sir

I have wrote to Mr John Chew who is now in Philadelphia to bring down with him the protested bill and he will forward it to you as it is probable it will not come to hand but a short time before my return would wish you not to take any steps with Young untill you see me without it is necessary: as it is not impossible he may think it proper from Mr Clerks letter to pay me all the damages I may sustain — I have taken 5 Wedding Knives out of the Store which you will charge me with — I leave a letter for the Assignees of Thomas Ashurst M Lane if any opportunity to London before my return please to inclose it to some Merchant with a request to have it delivered to one of the Gentlemen — The day promises to be good — we are about moving — hope to be back by the last of the week after next —

Yours Sincerely
John Galloway
