SIDE ONE

Dr Sir

Baltimore 4th Oct. 1788

Mr Young has some Cash in the House that is laying useless and as you have a payment to make in Decemr I thought you might as well have it, upon making an allowance of Interest untill that time he could at this time pay you about 360 £ if this should not suit you let me know that it may layd out in Wooden goods that will probably make more than the Interest.

I am Sir

your Mo Obt Servt

Amos Loney
