1792 James Cheston, Jun. Esq.

SIDE ONE

Sion-Hill Decr. 24th 1792.

Dear Sir,

Having accepted the Appointments of Principal of the Academy and Assistant Minister of Christ-Church and St. Peter's, in Philadelphia, I feel it a duty incumbent on me and a respect that I owe you, to apprize you of my intention to remove to that City early in the Spring, to fill the said Offices. —

Should it not clash with any arrangements you may have made for the future education of your Son, permit me to assure you, that it would be very agreeable to me to continue him in the number of my Pupils, in that Seminary: on this point may I request the communication of your sentiments, before the 22d. of next March, at which time this School will break up? —

Impressed with a due sense of the patronage and friendship with which you have honored me, I beg leave to offer you my most grateful acknowledgments.

I am, with respectful Compliments to Mrs Cheston and Family, Dear Sir,

Yours &c

Wm. Ireland.
