FOR CORRESPONDENCE

Sandy Gap two and one-half miles west
of Cumberland.

This photo shows the intersection of the Old Cumberland Road with Braddock's Road in Sandy Gap, on the western slope of Wills Mountain opposite the old Steiner House, now owned by Frederick Laing. The Second Report of the United States Commissioners (Jan. 15, 1808) mentions this intersection. This spot is bare of timber and can be distinctly seen from Big Savage Mountain.
