SIDE ONE

Mrs Chetton

April the 15 1776

My Dear Sister your letter which I received yesterday evining has
ocasioned me to feel most severely upon your account I have been
fearful for some time that it would not be in my power to come to you
the Small pox is broke out here and a great Number of families are
innoculated to day and I have determined to innoculate my Dear baby
Tomorow and I Sincerely hope you will not lay in untill I can get to
you I will see Tench in a fair way to have it light and then I will
come to you their is nothing in this world would so much relieve my mind
as to be with you some time I beg and intreat you to keep up your
Sperits and put your trust in him who is Suffitient to answer all our calls
in this and the neset world I wish I could come and innoculate Tench at
your house but as you seem undetermined about it I think I stand a
better Chance of being with you by doing it here Docter Anderson it to do
it I shall send down Tomorow some things that I intended to bring you and
the Nipple glass you say your Servents suffer for bed Cloaths I have desired my brother
to see if he cant spare you some write me if I shall send you over some sheets
as you have lost some you may want as Mrs Small thinks you will not
lay in till May I hope yet I shall be with you if I should not write me who
you will have with you as a Nurse or wether you cant get one I cant hear
of any one here I shall be glad to know how you are off for Servants do have
Jenny when you lay in I shall be very uneasy if you dont once more let me
beg you will keep up your Sperits Nothing is of so much Consequence to you
it shall be the ernest prayer of your affec Sister that we may com mett
