My Dear Sister

Dick Neale has returned and brought me no Letter - which I cannot account for - without it did not get in time for the mail - Mr Howard said he would write me by the packet - my mind is in a very anxious situation - a State of suspence is a painful one - I shall at all events be off early in the Morning to go up in the Stage - I sincerely hope Nancy will shortly be restored to perfect health and Fanny be better - my best respects to you all

Friday Night -

Dear Sister

I wrote Mrs Adams last night - the morning has been so bad I could not venture to go to Town in Hackney and I feard I could not get there in time in my Carriage for the Stage - I have sent Dick Neale to Town again in search of Letters - the moment he returns - I shall set off - I clear in my Carriage for Annapolis and all events, to morrow for Baltimore - provided I do not get letters a favorable account - If there is no foundation for my fears on account of my Child and I hastily go up through the rain and get sick it will only be adding more difficulties to the present - by going to Baltimore tomorrow night I shall reach Philadelphia as soon as if I had have gone up in the Stage - I send two Letters and three pounds of Butter - hope to hear your Daughter Fan better this morning - my respects to all
