Dear mother

I have received your different Letters and have sent you p the Sally the different articles of which you have a bill above.

Phil Thomas will leave this on Wednesday by whom I shall write you again; the Thunder Gust last night and Snow Storm this morning I flatter myself will have entirely dissipated your fears on the score of Yellow Fever. Our Town is remarkably healthy & has been so since my return, but you say all Baltimoreans are guilty of misrepresentation on that subject.

In haste your affte Son
