1806-1807

SIDE TWO

hoped would put by the Fever: Mrs Bingwood
had a Blister applied to her back on Thursday
Night which drew powerfully and relieved
a good deal, she moved her head a little
with ease, and could move her legs which
made him hope she was materially better
Doctor Tindale thinks the spine of her back
is affected Dr Dorsey thinks not; she is now
so much that they lift her in an out the
bed like a baby, she has had a little good
sleep since the blister drew without Laudm
and the dear little Infant still has a chill
and Fever every day: I have not seen them
for ten days, having been confined myself
with a most painful bile just below my
under Lip, I suffered greatly for 8 days lost
my sleep and could not Eat a mouthful
my worthy Friend Mrs Dey came out to

me and is still with us, this being Bro.
James Sunday, I handled up my face and came
over to dinner, and we always stay the night
at each other Houses, they stayed with us last
Sunday Night, Sister Maria has had a bad Cold
but is quite well again, and all her sweet pet
I am sorry to hear dear James was threatened
with the Hives, hope you will hear he is quite
recovered; in this moment learn from the
papers that poor Mr. Nicklin is no more
am unfeignedly sorry for his afflicted
I hope Mary G will not be ill, I am glad
to hear you all keep so well at your House
I wish I could tell you Uncle Ben was well
he has got in a dreadful Nervous State,
his Digestion very bad, and he takes great
quantities of Laudanum, if he don't consider
shortly I shall be alarmed for him, I wish
he had some Business below, I think a rude
would be of great service to him, he looks
very badly, never goes out of the House. our
