1806-1807

SIDE ONE

Rockland May 17th 1807

My dear Aunt

I am now much more anxious to hear from you than I was when I wrote to you last, as it is so long since I had that pleasure, I really fear some of you are sick; our Mail from Baltimore comes in three times every week, and if our friends are punctual in writing we hear very often. I should not have taken up my pen this day if I did not think you would be anxious to hear from my good Sister Maria, after what I said of her in my last letter, - I have just left her and am sorry to say I greatly fear she will have a gathering in her Breast, - it is very much
