How To Speak And Write Like A College Graduate

"Now, like thousands of intelligent men and women who have not had college training in English, you can gain the ability to speak and write like a college graduate without going back to school," says Don Bolander of Career Institute, Chicago.

"The new C. I. Method makes it easy. In only 15 minutes a day at home, you can build up your vocabulary, stop making embarrassing mistakes, improve your writing, discover the 'secrets' of interesting conversation."

According to Bolander, "Once you gain a mastery of English, you'll find yourself able to get ahead faster in your job and social life. You'll gain new poise and confidence plus the respect of those around you."

For those interested, Bolander has made available a free 32-page booklet that tells how you can gain the ability to speak and write like a college graduate, in your own home. Just put your name and address on a card or letter and send to Don Bolander, Dept. AA-17, 30 East Adams, Chicago 3, Illinois. The booklet will be mailed promptly with no obligation, of course. advt.
