Wilkinson Ends Career; Successor Still Unnamed

By WOODY L. TAYLOR

WASHINGTON

A successor to Dr. Garnet C. Wilkinson still has to go unnamed until the Board of Education has its first meeting in September it seems.

Most of the members of the Board of Education are on vacation and so is the Superintendent of Schools.

Meanwhile nobody is available to make what ever administrative plans are necessary for the opening of school in Divisions 10-13, from information the AFRO has been able to gather.

Dr. Wilkinson wound up his 49 years of service Tuesday at Frankin School, and took off on Wednesday for an extended vacation.

Off On Vacation

He and Mrs. Wilkinson will spend some time in the Doctor's old college town, Oberlin, Ohio, and from there they will take a motor trip through the Middle and Northwest.

Dr. Wilkinson is on the school system payroll until Aug. 31, when he will officially be through. But he is entitled to a month's vacation beginning Aug. 1, which means he is absolutely through now.

Meanwhile C. Melvin Sharpe, president of the Board of Education, told the reporter on Tuesday that he too is off for a month's vacation.

Corning Report Denied

The Board President took time out to deny a recent report that there is a move to retire Superintendent Robert Corning, for a new term long before his current term expires in March because of critical conditions existing in the schools.

"There is no truth to this unless somebody is trying to plant some touch seed. I know nothing about any such move," Mr. Sharpe stated.

As for a successor to Dr. Wilkinson, Board president said he was not at liberty to discuss that situation yet.

Corning at Beach

Dr. Corning is already on vacation, a nearby beach. It is to be remembered that after the last meeting of the Personnel Committee, the superintendent closed up like a clam.

The AFRO learned that nothing happened so far as coming to an agreement. Corning stuck to his choice of Francis Gregory, principal of Armstrong High School.

At least one member of the Board held out for Dr. Ellis O. Knox, while others are supporting Dr. Harold Baynes.

Since nobody could be convinced, they threw up their hands.
