SIDE ONE

To
Mrs Shepherd

My dear Cousin

Capt. Dorsett will be here the day after tomorrow in his way from Baltimore - I will then let you Know, whether there will be an Opportunity of getting the Hams on board his Ship from Pig Point - I think there will be no doubt of getting them on board from Nottingham, even if the Ship should have fallen down the River - Sally desires her affectionate Compliments - yours most respectfully

J. Thomas

Friday Afternoon -

Probably with reference to sending hams to Mrs Beasley in London - Doubtless after the death of Geo. Preston in 1798
