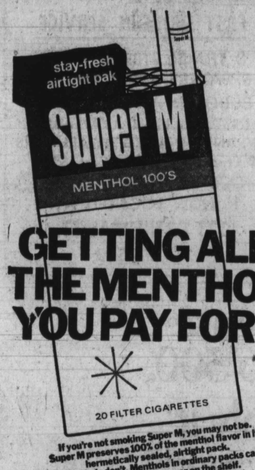
KLASSY KEGLER — Doris Jones of Baltimore, proved the outstanding individual performer in the 14th annual Eastern Regional bowling tournament, held recently at Atlantic City. Her 698 series not only topped all women contestants, but beat by one pin the top series in the men's division, a 697 tallied by George Terry of Philadelphia. Ms. Jones also recorded a high game score of 267, finishing in the prize list with $400, while besting runner-up Alma Jones, also of Baltimore; Francine Payton of Philadelphia, and Helene Morant of New Jersey.



GETTING ALL THE MENTHOL YOU PAY FOR?
If you're not smoking Super M, you may not be. Super M preserves 100% of the menthol flavor in its hermetically sealed, airtight pack. Other menthols don't. Menthols in ordinary packs can lose flavor on the way to you or on the shelf. Super M. No air gets in. No flavor gets out. It's the only super menthol.

Clemson probed on car gifts to Skip Wise, 3 other blacks

Rick Wise
center of probe

Basketball coach Tates Locke, who managed to make off with one of the area's top prizes — Baltimore Dunbar High School's Skip Wise — says he is aware that his recruitment activities are under investigation by the National Collegiate Athletic Association.

Locke admitted to newsmen in Winston-Salem on Wednesday the NCAA investigators had visited the Clemson campus and talked to 14 members of the Tigers basketball team.

He said the probers had talked to Wise at length during the visit, and that he understood they later talked to Skip's parents and to teachers and students at Dunbar.

On the same day in Baltimore, however, Mrs. Julia B. Woodland, principal at Dunbar, denied that NCAA people had been at her school.

The principal said:

"I have discussed the matter with my physical education department and we have seen no such person. Anyone coming to the school on such a matter would be referred to my office and I have seen no one like that."

It is suspected, though not confirmed, that the probers may also have talked to Larry Gibson, Dunbar's brilliant center who was Wise's teammate during the school's championship years 1972-74.

Gibson is said to be considering a scholarship offer by Clemson when he graduates in June.

Faculty members, when questioned by the AFRO, referred all queries to Mrs. Woodland.

While probes, admissions and denials were centering on him off court, Wise was performing his on-court antics to the satisfaction of his fans in both Baltimore and Clemson.

Wednesday night, Skip tallied 19 points to lead the Tigers to a 71-54 victory over Wake Forest on the Deacons' home floor.

In the center of the controversy along with Skip is a 1974 Cougar automobile he acquired last May.

This car is one of four owned by black youngsters who have completely turned around the Clemson basketball program.

The other players allegedly involved in the probe are freshmen Stan Rome and Colin Abraham, sophomore Wayne "Tree" Rollins and Jo Jo Bethea, a transfer from Anderson Junior College.

Bethea, a senior, does not have a car ... LACY. LACY.

a short story about beards and bumps
How To Help Eliminate and Prevent Razor Bumps
Men shave in different ways because they have different beards and different types of hair.
A. STRAIGHT HAIR Grows from follicles that are straight all along their length.
B. WAVY HAIR Grows from follicles that are curved a little.
C. CURLY HAIR Grows from sharply curved follicles. It often coils before it comes through the skin.
Straight hair, wavy and curly hair can be shaved with a blade or electric razor. Shaving very curly hair (common among Black men) may require another way to avoid "razor bumps".
Papule (bump)
Diagram "D" shows what can happen when hair is very curly. This hair comes through the skin's surface and then curls back until the tip re-enters the skin, forming an "ingrown hair." A razor isn't always the best way to shave such hair. The hair can curl so close that the razor misses it. Those whiskers it does remove are cut at a sharp angle, making it easy for the hairs to re-enter the skin after a couple days' growth. The result is the same — either way.
WHAT'S THE ANSWER? For over 70 years Black Americans have been using Magic Shaving Powder (depilatory) instead of a razor. It actually "dissolves" hair rather than cutting it. It doesn't leave sharp tips on the hair it removes. And when used properly it gets them all. So it helps eliminate and prevent razor bumps.
No matter what formula you choose they are all fine products — the world's leaders. Blue Label (Regular Strength for the average beard), Red Label (Extra Strength for tough beards), Gold Magic — with a pleasant fragrance ... or Magic Cream Shave — Ready-to-use formula that requires no mixing. And for after shave comfort, use Magic After Shave Skin Conditioner. It's especially formulated for depilatory users. Won't sting or burn!
For the complete story about beards and bumps, send stamped, self-addressed envelope for free illustrated booklet.
