SIDE ONE

Dear Sister

The last time Captain Williams was in Baltimore he did not collect as much money by 400 dollars as I expected for plant sold — which will I fear prevent my paying off my accounts to Overseers before I leave home — with this I send you your acct which if correct there is a balance of £15.1.9 due me — should be convenient to pay with 40 dollars before James comes down will thank you to let me know that I pay away what I have by me — I also send the books & papers which probably will be wanted while your son is at home — dismal weather — hope to be ready to be off on Friday morng —

Your Affty

John Galloway
