Flowers will bloom at Easter time
Fresh with the light spring rain
But the face of our dear loved ones
We would love to see again
Loved ones when the violets open
And the flowers in beauty wave
We will gather up some bunches
And lay them gently on your grave
Oh, so often do we wander
To the place where you are laid
And think if God had only left you.
Longer on earth with us to stay.

We are sad within our memory,
And lonely, this Easter Day,
For the one we loved so dearly,
Have forever been called away.
We think of him in silence
No eye may see us weep
But many silent tears are shed,
When others are asleep.

Flowers will bloom at Easter time
Fresh with the light spring rain
But the face of our dear sister
We would love to see again:
Sister, when the violets open
And the flowers in beauty wave
We will gather up some bunches
And lay them gently on your grave
Oh, so often do we wander
To the place where you are laid
And think if God had only left you
Longer, on earth with us to stay.
We miss you
