Regulations Explanation

A block is a row of houses between two cross streets. For the purpose of this campaign, a block includes the houses on both sides of the street.

There must be three or more houses before there is a block.

Purpose

The purpose of this campaign is to get all residents in your block to keep a clean home this summer and beautify the block.

A Clean Block is one in which steps and sidewalks are washed once a day and the street kept free from trash.

Woodwork is kept free from fingerprints and vestibules are scrubbed.

Windows are kept clean and curtains hung evenly.

Garbage and trash cans are removed as soon as on the porch.

Loud talking or any other disturbance which annoys others is not permitted.

A beautiful block must have flowers in it, and must be clean both back and front.

One hundred per cent co-operation of the block residents will be attested by the window signs as well as the improved appearance of the block itself.
