SIDE ONE

1803 [redacted]

Mr Jno Chew of Chester

Dear Sir

I received your favour of the 15th Inst and with the articles sent for by the boat, which came safe to hand

The following quantity of Clover seed will be wanting by the Mr Stuards & myself

1 bushell in a bag by David Stuard
4 do in bags by William Stuard
6 do in do by myself

We are in no hurry at present for the seed — your I Chester informed me, he expected it would be to be got at 8 dollars the bushell or perhaps under and that he had been talking to Thomas Sheppard on the County wharf he had been talking to Thomas Sheppard on the County wharf to supply him with what he [illegible] wanted — that Sheppard had seed he expected it would be [illegible] his power to furnish him with good seed and on rea[illegible]able terms — that the seed which came to market generally sold the highest and after a little time might be had on lower terms — Lancaster sold would be preferred — Now if you can meet with seed on reason=able & which you are satisfied is good you will send it by the boat otherwise wait until the next trip —

The Inclosed advertisement I cut out of Annapolis paper — I recollect hearing Uncle Sam Chew say last fall he wanting to purchase Mules — if I can be of any service to him we will cheerfully attend the Sale — J Chester left me this afternoon for Annapolis on his way to the Eastern Shore — he was well — Uncle Joe Galloway returned yesterday

Tulip Hill July 23d: 1803

Dear Jenny Mind Lib

John Galloway
