NOTICE OF FINDING OF NO SIGNIFICANT IMPACT AND OF INTENT TO REQUEST RELEASE OF FUNDS
Baltimore County, Maryland
Department of Community Development
Suite 800
Towson, Maryland 21204
(301) 494-3317

On or about 28 October 1988, Baltimore County will request the U.S. Department of Housing and Urban Development to release Federal funds under Title I of the Housing and Urban Development Act of 1974 (PL 93-383) for the following project:

Heritage Court
$350,000

Baltimore County will use federal Community Development Block Grant monies to assist with the acquisition of two parcels (known as 2 and 3) situated at the corner of Center Place and Willow Spring Road in Dundalk, Maryland. The Shelter Develop-ment Corporation, general partner of the Heritage Court Limited Partnership, proposes to construct a three story, 101-unit apartment complex for senior citizens on arcel two and provide parking across the site on parcel three.

It has been determined that such request for release of funds will not constitute an action significantly affecting the quality of the human development and accordingly Baltimore County has decided not to prepare an Environmental Impact Statement under the National Environmental Policy Act 1969 (PL 91-190).

The reasons for such decision not to be prepare such statement are as follows: The two parcels to be acquired are situated within an existing urban area. The parcels are relatively flat and devoid of any vegetation with the exception of trees. An existing senior citizens housing project known as Center Place is adjacent to parcel two. The project is in scaled within the surrounding residential and commercially mixed area but will also act as a buffer from encroaching commercial development.

An Environmental Review Record respecting the project has been made by Baltimore County which documents the environmental review of the project and more fully sets forth the reasons why such Statement is not required. This Environmental Review Record is on file at the above address and is available for public examination and copying upon request between the hours of 8:30 a.m. and 4:30 a.m. No further environmental review of such project is proposed to be conducted prior to the request for release of Federal funds.

All interested agencies, groups and persons disagreeing with this decision are invited to submit written comments for consideration by Baltimore County to the office of the undersigned. Such written comments should be received at address specified on or before 28 October, 1988. All such comments so received will be considered and Baltimore County will not request the release of Federal funds or take any administrative action on the within project prior to the date specified in the preceding sentence.

Baltimore County is certifying to HUD that Baltimore County and Mr. Dennis F. Rasmussen in his official capacity as County Executive consent to accept the jurisdiction of the Federal courts if any action is brought to enforce responsibilities in relation to environmental review, decision-making, and action; and that these responsibilities have been satisfied. The legal effect of the certification is that upon its approval Baltimore County may use the Block Grant funds and HUD will have satisfied its responsibilities under the National Environmental Policy Act of 1969. HUD will accept an objection to its approval of the release of funds and acceptance of the certification for a period of fifteen days following its receipt of the request only if it is on one of the following bases: (a) that the certification was not in fact executed by the certifying officer; or (b) that recipient's environmental review record for the project indicates omission of a required decision finding or step applicable to the project in the environmental review process; or (c) another Federal agency has submitted a written finding that the project is unsatisfactory from the standpoint of environmental quality.

Objections must be prepared and submitted in accordance with the required procedure (24 CFR Part 58), and may be addressed to the U.S. Department of Housing and Development, Baltimore Area Office, 10 N. Calvert Street, Baltimore, Maryland 21201.

Objections to the release of funds on bases other than those stated above will not be considered by HUD. No objection received after 12 November 1988 will be considered by HUD unless, because of unforeseen delay, the request for release of funds was received after the date mentioned at the beginning of this Notice. Since this is possible and would cause a change in the objection period, objectors should contact HUD to verify the date of the last day of the objection period.

This publication meets two notice requirements: (1) notification to the public of the finding of no significant impact; and (2) notification to the public of the intent to request release of funds. Comments submitted must specify which requirements (1 or 2 above) are being addressed.

Dennis F. Rasmussen,
BALTIMORE COUNTY EXECUTIVE
