

To the Honble the Wardens of the port of Baltimore

1791-19

The Memorial of Thomas Brown Miller, Henry
of Drebert, Geo. Harris, Henry Longhart, Henry Beckly, & John Coler

Respectfully sheweth that your memorialists were em-
ployed by old Leonard Harbaugh to work on the machines for raising
mud out of the Basin of Baltimore. That your memorialists en-
gaged therein with expectation that they were to receive payment therefor
from your Honorable Body. That your memorialists have spent, not
only much time and labor but advanced considerable sums of money for
Iron &c. for the purpose of Compleating said machines. That your me-
morialists accounts are still unpaid and likely to remain so unless your Honble
Body will be pleased to take their Complaints Consideration and direct
the payment thereof after making such deductions therefrom as to you
shall seem reasonable.
Yours Obedt Servts
Thomas Brown Miller
