SIDE TWO

the pleasure it would give us all, I know myself to have you with us, and your Mama & good father may be perfectly assured that we will take the greatest care of you, why can't you prevail on them to let you spend spend this winter with us nothing I do wish you would give us more sincere pleasure to both of your cousins, if I thought I could any pleasure I would write to your father myself and intreat, with all the eloquence I am mistress of to assent to my request, I really think it necessary something should be done for you - if you cannot spend the coming winter which would give unknown pleasure to us all why can't you spend some time with us, do long consider of this and let me know, for I shall be very impatient to hear from you whether you will make us so happy - Nancy I do wish you were here with us, we came here now since, we came out - they are afraid of the small pox which is in Wagon Yard the old Lady is also with us at times for several days but Doctor Pindle assures them they may go to Town without the least danger in the world - Maria is much improved and is a sweet child, in my opinion she sends many kisses to you all - I write you by dear Mama a long letter from Philadelphia which Mr R unfortunately left I wish you another immediately after my sister wedding, giving you a full account of every thing but I am expected putting
